At 2:22 a.m., July 9, 1986, a shocking wave rumbled through the Beaumont area giving everyone a surprising jolt. This shocker lasted for over 30 seconds. Many of the people had different reactions to this incident. Some were amazed at the fact of having an earthquake in this particular area. Others, yet a little surprised, were now ready to prepare themselves in case of another.

The aftershocks caused concern among the citizens of Beaumont. They stayed awake until dawn. Leaving some in confused conditions. This one of many earthquakes, made people aware that there were more to come and aware that there were tasks of preparing to accomplish. Newspapers and T.V. may show you what to do in case of emergency but only you can prevent them from leaving sorrow and pain. Now is the time to prepare ourselves, for there are more to come.

T.S.

"The Shocker"

When the July earthquake hit this area, it left everyone in a state of shock. For months, we read about "The Shocker" in the newspapers and heard about it on the television. Classes were held on earthquake preparedness and the topic seemed to be the main subject on everyone's mind. Now, as the effects on earthquakes have seem to drift away, our minds are set on other subjects. In the 72nd edition of the Live Oak, we bring you fond memories other than the memories of an earthquake. There is also serious information about the "big one" to come. This information should help you survive when "The Big One Comes".

Student Life

“Shake, Rattle and Roll,” is a big expression used to describe life at Beaumont High School. School plays an important role in student life. You can see these expressions in the energetic ways we do things, like, for instance, at the football games everyone is very supportive. This also goes for all other sports. When we head into the gym for pep rallies everyone is rocking away to the beat of the Beaumont High School Band. Some of the tunes that are vibrating the floor are **Twist and Shout**, **Tiquilla** and **Beaumont alma mater**. On campus we see the real beat of things, students joining clubs and working hard in the classrooms.

Over the Hills and Through the Woods

Yearbook staff members could be found bounding over trails, slipping from rocks and chasing shoes down stream at yearbook camp in July of '86. Camp Pica, as it was called by staff members, consisted of three schedule-filled days in which members learned the skills needed to produce our yearbook, the Live Oak. Camp was provided at the rustic scenery of Lawler's Lodge.

Although learning the basics in layouts, copy, and photography were the goals at camp, staff members and teachers, **Jann Moise**, **Cathy O'Connor** and **Vicky Garcia** made time for leisure activities. Hiking was an all-out favorite, in which some

campers were introduced to poison ivy, wet shoes and washing dishes.

Students involved in the yearbook camp were **Georgina Draper**, **Linda Montez**, **Angela Carlson**, **Cherie Lyons**, **Michelle Jones**, **Teresa Smith**, **Elizabeth Richardson**, **Russell Bogh**, **Brenda Berg**, **Shelley Steele**, **Pat Cunningham**, **Susan Cook**, **Shannon Elmore**, **Betsy Poling**, **Tina Saler**, **Trina Harvey** and **Shauna Henry**.

Yearbook Camp not only sharpened the staff's skills but also sharpened their friendships, and that by itself made it a winning success.

Order in the Court

Justice was their name and judging their game. The ASB elected seven people to serve on a student court for the 86-87 school year. The court was given the power to judge students accused of improper conduct, such as, the use of profane language, loitering and other similar misdemeanors. If the accused person was found guilty he was usually sentenced to an hour of detention with Dennis Oberg. The court consisted of the chief justice, Allen Street, court reporter, Becky Shupe and jury, Eric Newlan, Jon Pilatti, Lela Terry, Sharlene Rakestraw, Leah Bell, Katy Barth and Elizabeth Richardson. The court convened whenever necessary to make its decisions.

CAMPUS NEWS

The campus underwent a massive change in the area of the old senior square. The old senior square, which was made in 1965, was partially torn down and creatively reconstructed into the new senior patio. The designing and construction began at about the same time of our shocking 5.9 earthquake. The patio surprised a lot of students at the beginning of the school year because of the peculiarity of its design. One part of the patio was named the Laura Stewart Circle and the entire landscaping was dedicated by the class of '65 for the future graduates of BHS.

T

he July tremor rearranged many knick-knacks and even some buildings in the pass area. Our little secure world didn't seem as safe as news of an impending "big one" spread. The 6 point quake could possibly have been a preshock. We moved our treasures closer to the floor and made a lot of promises to God. In a very small way, we felt how it might be if we became cut off from the surrounding areas. Some of us became avid readers of emergency procedures as well as more considerate family members. On a less shakey note, school started and, once again, the students screamed, ran, and hugged the friends whom they hadn't seen in weeks.

SUMMER

Homecoming

After a week of challenging and exciting activities, the night that everyone had been waiting for finally arrived. October 17, 1986 was a night of victory. The crowd cheered Beaumont football team to victory over Twenty-nine Palms 26 to 20! At halftime the cheering crowd became silent as the band played **Twist and Shout**. The Homecoming Court consisted of Freshman **Princess Meleia Capps**, Sophomore **Princess Katy Barth**, Junior **Princess Leanna Torres**. They were followed by the Senior Princesses **Tracy Caldwell**, **Denise Williams**, **Rosemary Valdivia** and **Stephanie Reynoso**.

The princesses were very nervous, waiting in front of an enthusiastic crowd who cheered them on. The senior princesses waited anxiously to see which one of them would be crowned Queen.

Korine Bakken, the 1985 Queen, circulated among the princesses, and the crown was gratefully received by Miss **Rosmary Valdivia**, the new 1986-1987 Homecoming Queen!

HOMECOMING

SHAKES BHS

Homecoming rattled off to a start with far-out tourists and plop-plop fizz-fizz faces. It kept rolling with our awesome jocks in their blue and white. Our nerds vibrated into the scene with the crazy sack races. On Thursday night the sizzle of the Bonfire put everyone in a spirited mood. On Friday everybody was chilled in their burmudas as they watched the Homecoming parade. Floats, cheerleaders, and the Homecoming court highlighted the event. Then came the bang of the BIG game. The stands echoed with cheers when our football players came onto the field. The highest point on the Richter scale came when the star of Homecoming was announced, the queen Rosemary Valdivia. The game rippled on with our awesome players making the other team tremble when Jimmy Schuelke ran for 74 yards with no time left in the game for a touchdown to give BHS the victory! The aftershock was the traditional Homecoming Dance. Finally, the quake of the 1986 Homecoming became a memory.

Josef Stefan Birrer (Sepp)
18 Lucerne, Switzerland

David,
It was fun
to have
you in
english this
year. Have
a nice summer
and good luck
for the future,
Sepp

Representing Lucerne Switzerland is Josef Stefan Birrer most commonly as Sepp. Leaving behind his family of four Sepp came to visit the United States. Some languages he speaks are Swiss German, German, English and some French. We asked Sepp what he missed about home? Sepp comments that, "I miss my friends. I miss making jokes and having fun with my old

freinds. I don't know the jokes in English. You can't translate them. But I'm not homesick I glad here." Some things Sepp does for fun in his country are playing soccer, going to the games, watching movies, going to restaurants and parties, and making jokes. Sepp replys "that American people are really nice and friendly, Friendlier and more open than at home."

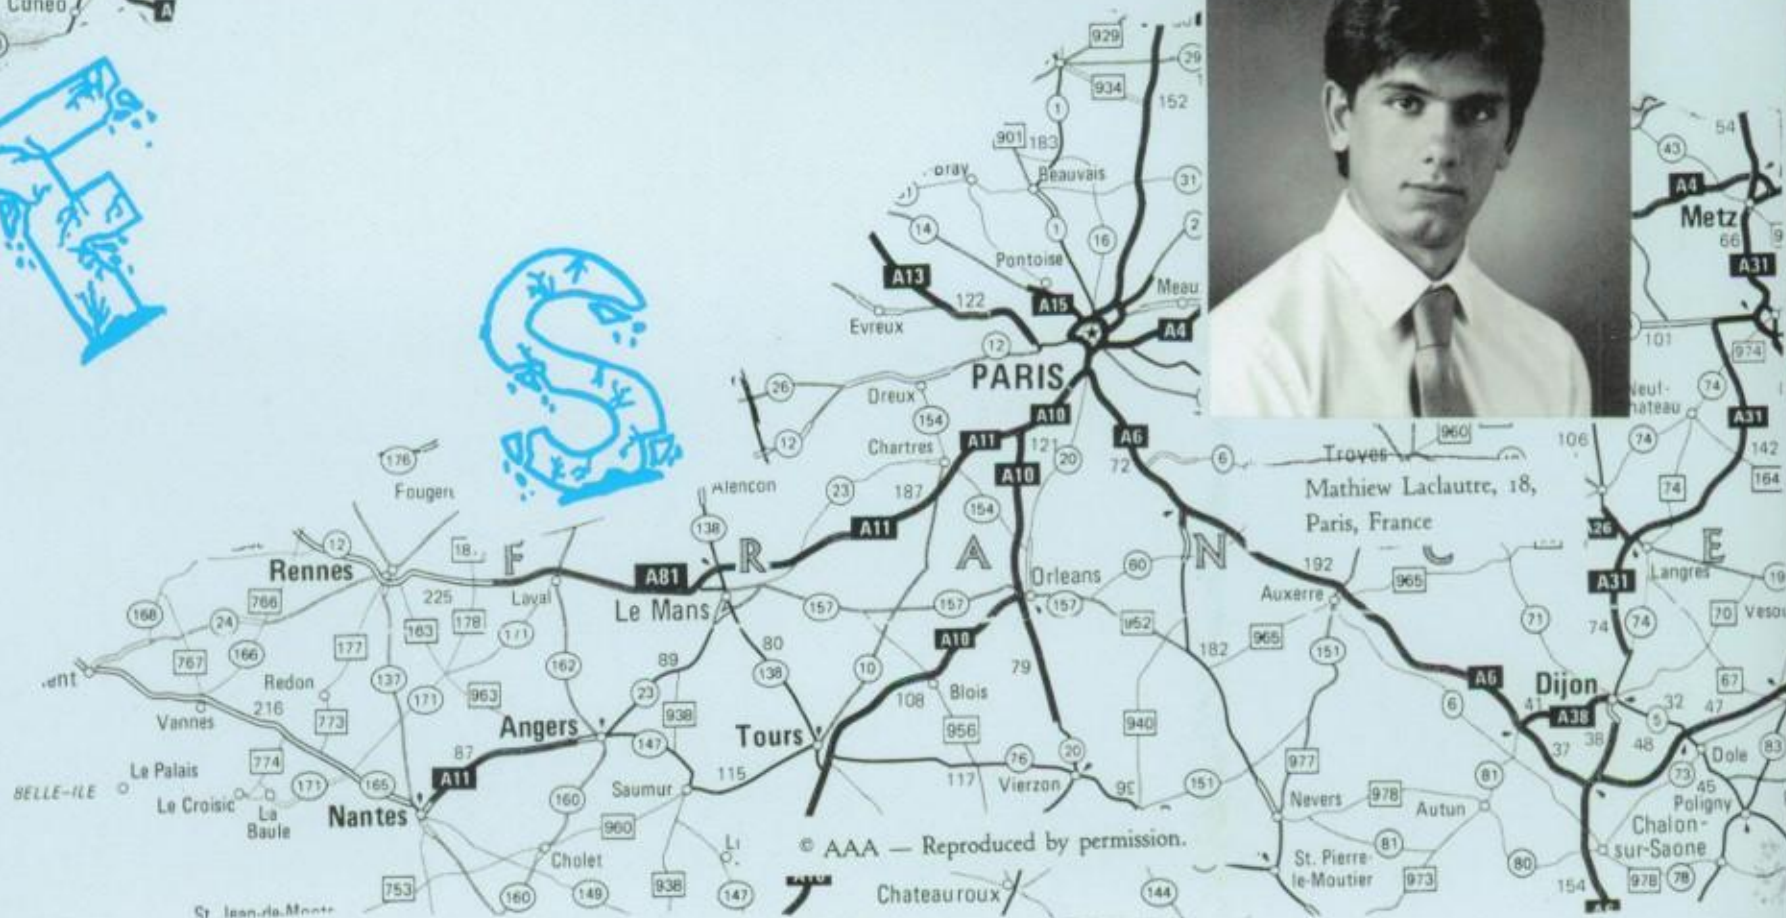

Representing Paris, France is Mathieu Laclautre known as Matt. Some languages that he speaks are French and English. In Paris, Matt enjoys playing basketball and volleyball. At school Matt goes to eight classes a day. Matt replys that living in the United States is

hard because the languages is difficult to make friends. Basketball is Matt's favorite pastime, and pizza is the food he most enjoys in America. Matt has one brother, and two sisters and parents in his family. Missing his family and friends Matt enjoys his stay in America.

Last Summer Tracy Miller went to Guarambare, Paraguay. Tracy always wanted to travel, to see and encounter other peoples cultures. Tracy said, "By traveling through AFS I was given that chance. I was able to live, love and learn from a wonderful family of four by the name of Vaesken, Guarambare a rural town with cows, horses, pigs and chickens wandering freely through the streets." Learning to adapt to the life outside of Beaumont, Tracy lived

without hot water, phones and a car. Her family included Mana-Silvina, Papa-Pablo, brother-Gustavo (21), and sister-Inmaculada (Inma for short) (16). Living in a small town far way from the city, she spent time learning Paraguayan old customs and myths by talking to Mama or other people in the town. Tracy commented, that "Paraguayan people are giving, loving and excepting and make you feel welcome."

Veronica Patricia Garces is representing Quito, Ecuador. Leaving her family of six, Veronica came to the United States to learn how to talk in English and get to know different people. Veronica's expectations of America was to live in a big city and the food would be different. At school in Ecuador Veronica wears uniforms and she has no lockers. She goes to school from

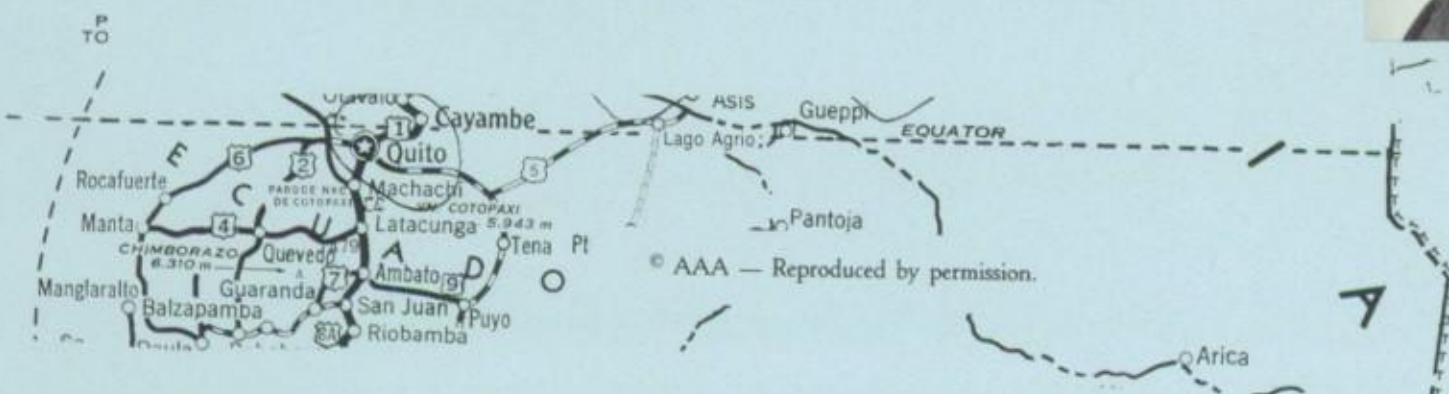

7:00 am to 2:00 pm. When she arrives at school she goes to a classroom each day and different teachers would come in at different times. In Quito, Ecuador Veronica enjoys sports such as basketball and swimming to participate in. Veronica comments, "that she likes it here in the United States but she misses her family."

Waiting patiently for the pep stick winner is Stephanie Reynoso. David Pecarovich gets ready for the Alma Mater.

ALMA MATER

We stand to pledge allegiance, to dear ol' Beaumont High. We'll cherish all its memories, when its halls we've left behind. We'll give a hearty welcome, to new and old alike. We'll sing its praise loud and strong, for Beaumont's blue and white.

Mike Medina, Russell Bogh, Nick Kelly, Thor Peterson, Charlie Papenhauzen, and Joe Dominguez watch intently as the pep stick winner is announced. Rachel Balingit and Cathy Cripps come together for a picture.

SHOUT IT OUT!

Five, four, three, two, one, cougars number one! This is something that you hear at all of Beaumont High School pep assemblies. Each class competes for the "pep stick" by:

- cheering the loudest at cougar countdown,
- having the catchiest and flashiest posters,
- and being polite when a guest speaker is speaking. Each week the "pep stick" is placed in the library with the class color of the class who won.

Pep assemblies are held in favor of the football players and all other sports. **Coach Harvey** gets a chance to speak at all of our assemblies, and tries to get everyone to come to the game.

So when you hear five, four, three, two, one, Shout it out and show your cougar spirit!

M.J.

Seniors, **Sal Valdivia** and **Todd Grimes** walk to class. Juniors, **Sophia Spencer** and **Leanna Torres** show their spirit. Oooh-la-la baby! **Steve Silos** demonstrates his cha-cha routine. Up above, **Teddy Corlis** shows his sophomore spirit by proving that he can get down!

Fashion Flash!

Fashions play an important role in life. Throughout the year, the fashion was to express one's self. It was found that the individual look had its own special style and personality.

— Fabrics most often seen were, unique wools, acrylic cashmeres, and angora and wool jersey.

— Assorted oversized sweaters ranged from the waist to the knee, and were really hot!

— The dropped waist slimmed and lengthened, giving the body a look of real feminine appeal.

— There was a contrast between the feminine softness and masculine boldness.

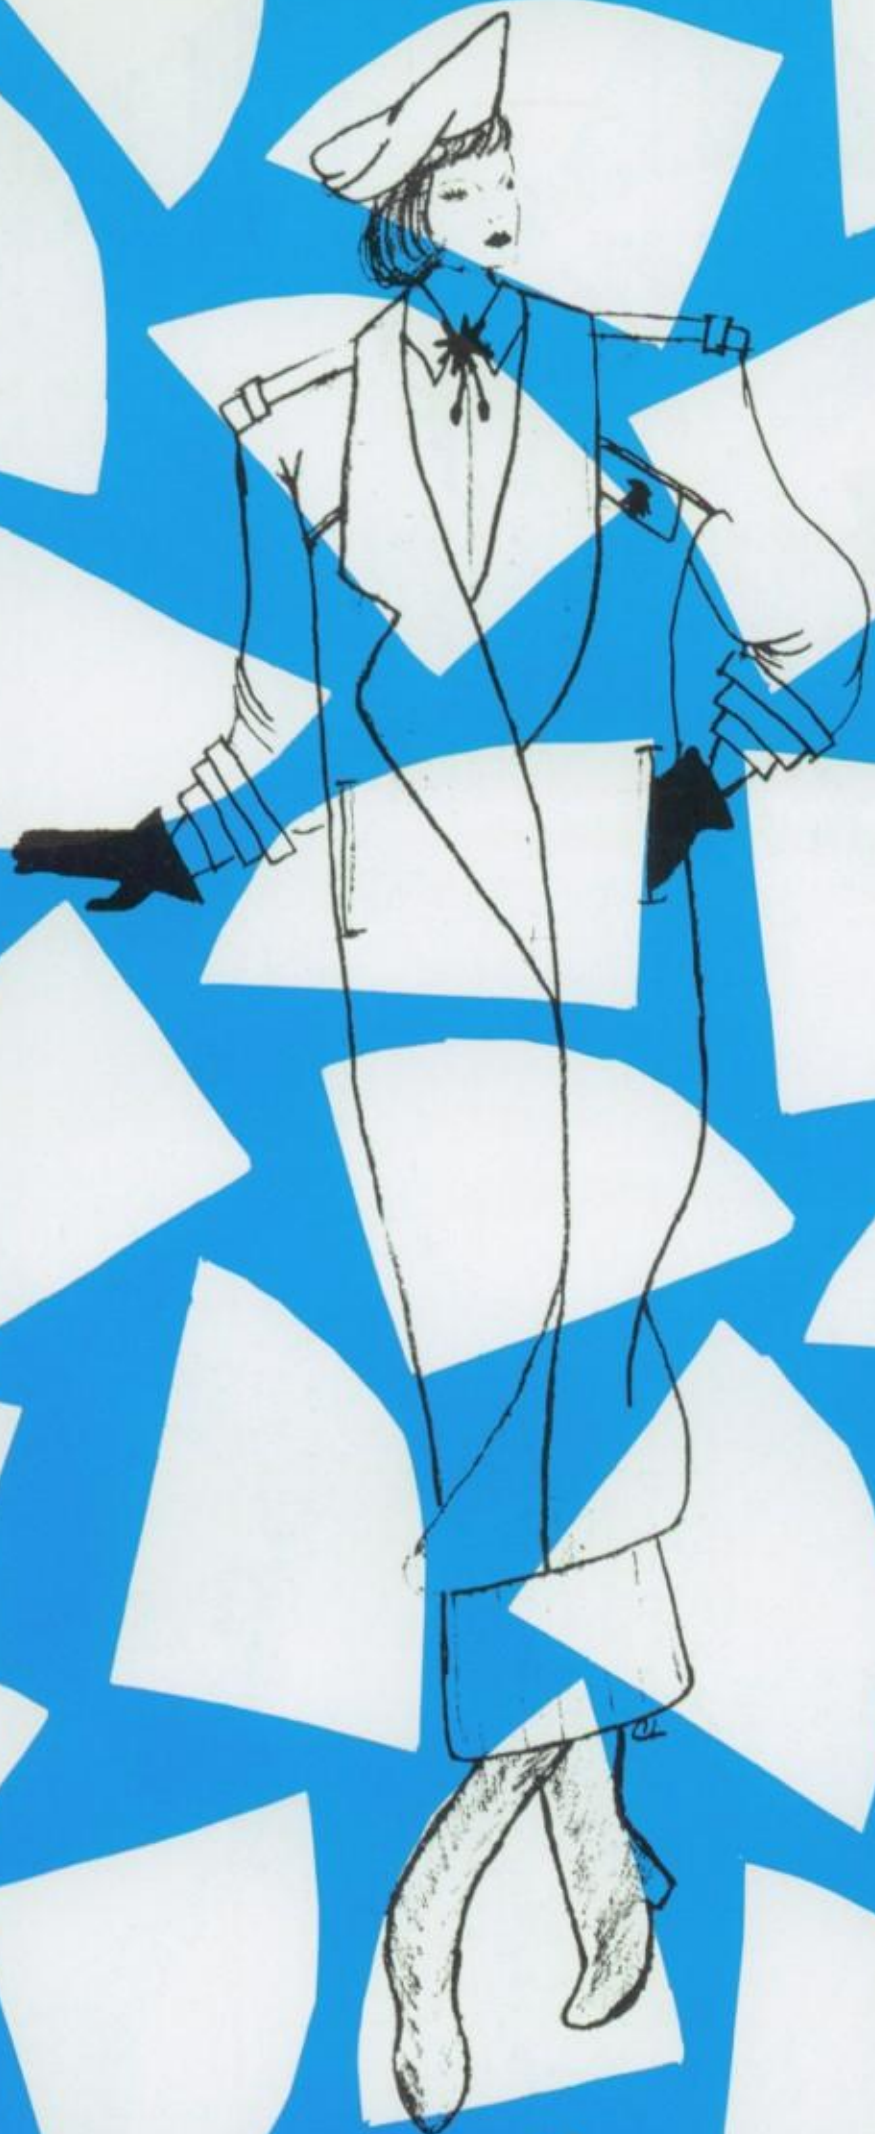

— Jewelry was very popular. The heavy look in bracelets and necklaces, took the spotlight with their strong, bold statements.

— The styles were less casual and reflected body consciousness.

Preparing for the pressure.

What on campus classes prepare you with specialized job skills? There are Business classes, Auto, Restaurant Occupations and Agriculture. Every year they are becoming more popular.

Business Classes;

Under the instruction of Mrs. Higdon, you will learn switchboard, different typing jobs, IBM word processing and running the zerox copier. These students receive training that they will be able to remember and use years after they graduate. With these qualifications, students can walk into a job easier than one with no experience at all.

Auto; Know how to survive with your auto.

Stu Clark teaches the students how to live in the mechanical world. "After all, 25% of your time will be in your car." So, bring it into our auto shop, the skilled students under Stu's supervision can make your car run like a dream.

Restaurant Occupations;

Each Tuesday through Friday they serve the staff lunch. Through out the year they go to food shows, compete in competitions and go on field trips. Kathy O'Connor makes this training fun and educational.

Agriculture;

Everything you need to know about agriculture Bob Bimberry can tell you. All his students are well educated. This year they have built a new shade house, a new patio and a lawn swing.

Determined to get his work done, Shawn Carmichael hurries with his hoeing.

Brenda Brobst unsure if this call is a food order or a crank.

Wendy Frederickson wonders if this plate is clean enough.

Ronald "Mr. Goodwrench" Partain tries to fix another car.

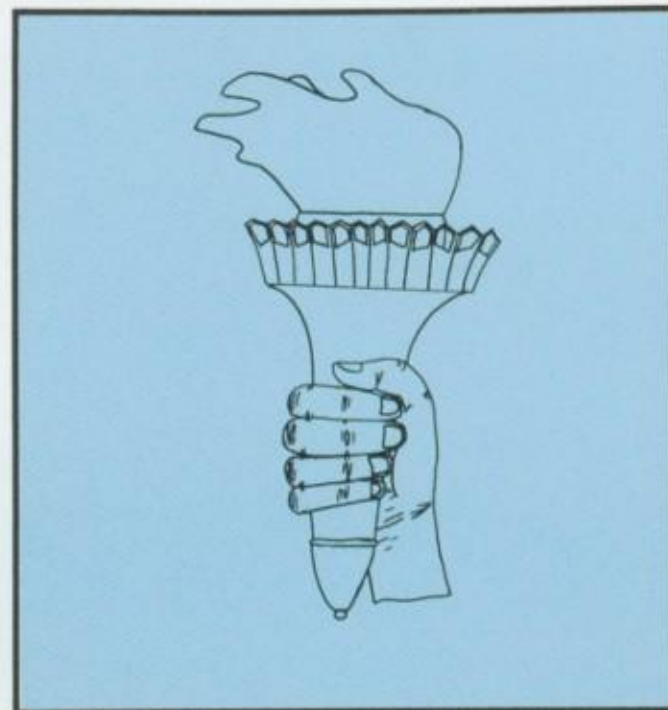

As he is planting seeds, Rodney Hodges notices the bugs crawling around.

"Why does this always happen when I'm rushed?" says Anne Gallup.

"Are you sure you dropped your gum in here?" asked Mike Pope.

Liberty 1886-1986

To the people who signed the Declaration of Independence, freedom was important. Americans were reminded how important it was 100 years later, when France gave the United States the Statue of Liberty as a gift. In 1986, Americans together, as a nation, undertook the task of repairing the statue. Donations from everywhere went towards the 62 million dollars required for repairs on Liberty Island. After a lot of time and money, America was at last rewarded — the Statue of Liberty re-opened on July 5, 1986, during a three day celebration. May Liberty stand for another hundred years and continue to remind everyone how important, "Life, liberty, and Happiness," are.

EARTH

People across Riverside County were shaken from sleep in predawn darkness by a window shattering, road buckling, house rattling earthquake. Measuring 6.0 on the Richter Scale, it rumbled through Southern California, early on July 8, 1986.

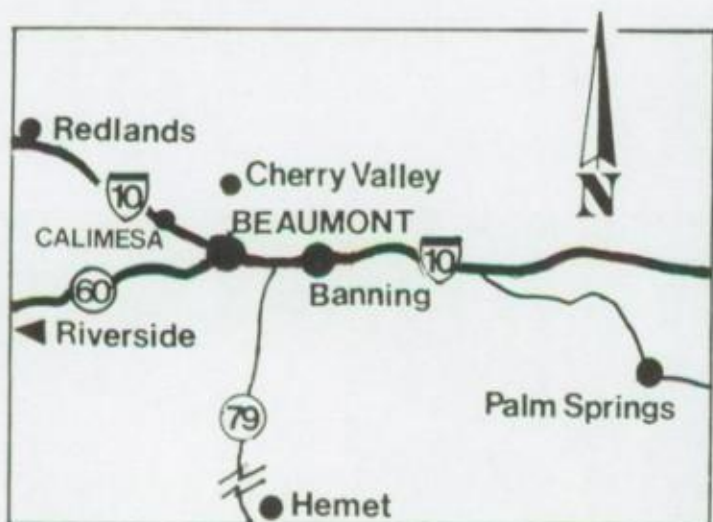

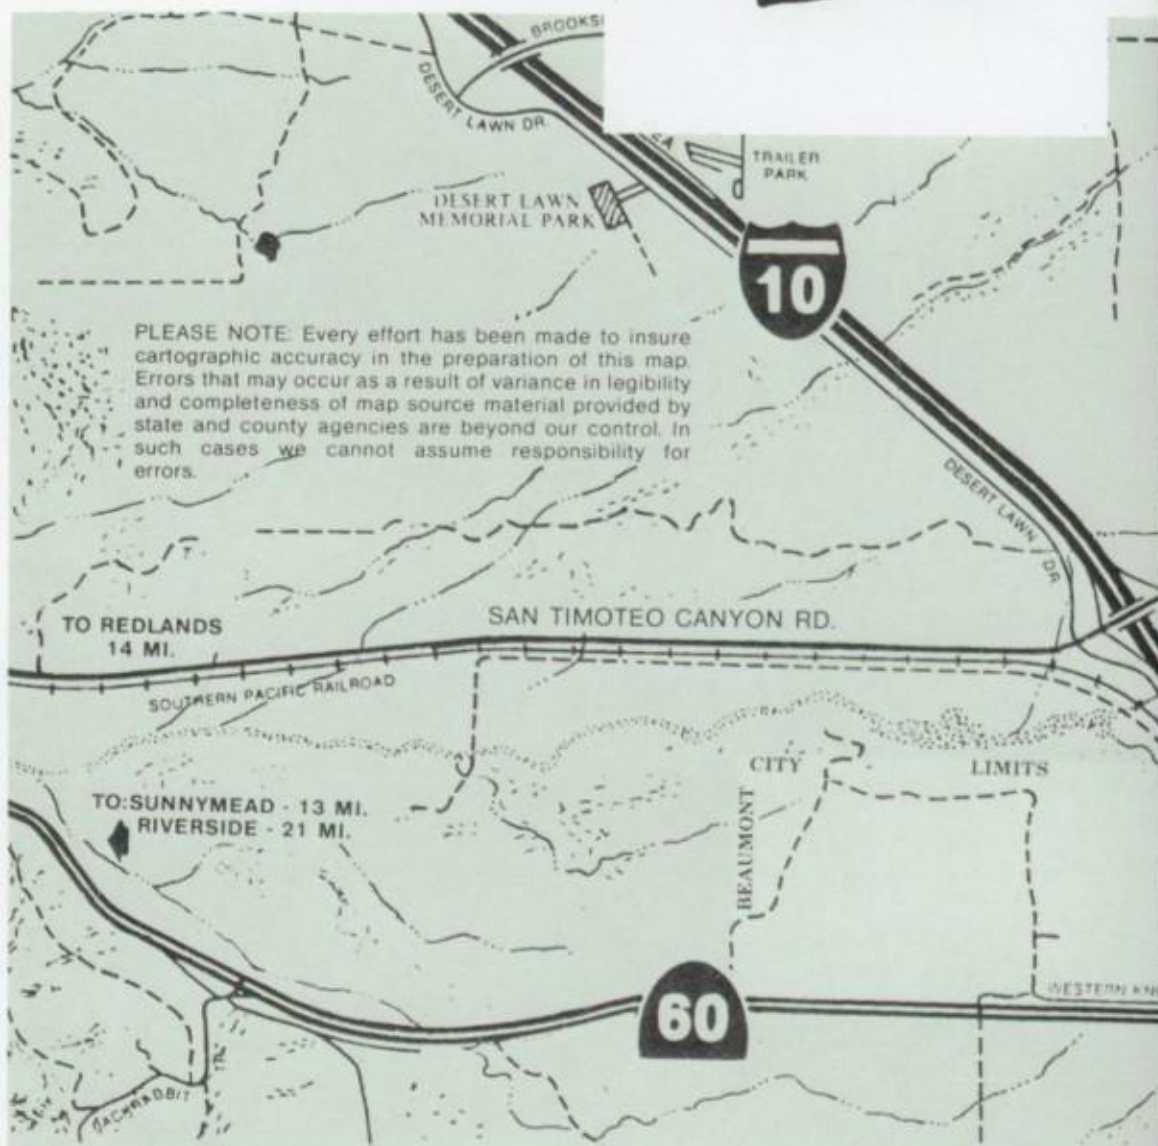

The 2:21 a.m. earthquake, the largest to hit Southern California in seven years, was felt as far east as Las Vegas and as far north as Santa Barbara.

Highway bridges had cracked. Land slides had closed roads. Electricity and water had been cut off in some areas. At least \$1 million dollars worth of damages had been reported by the California Department of Transportation.

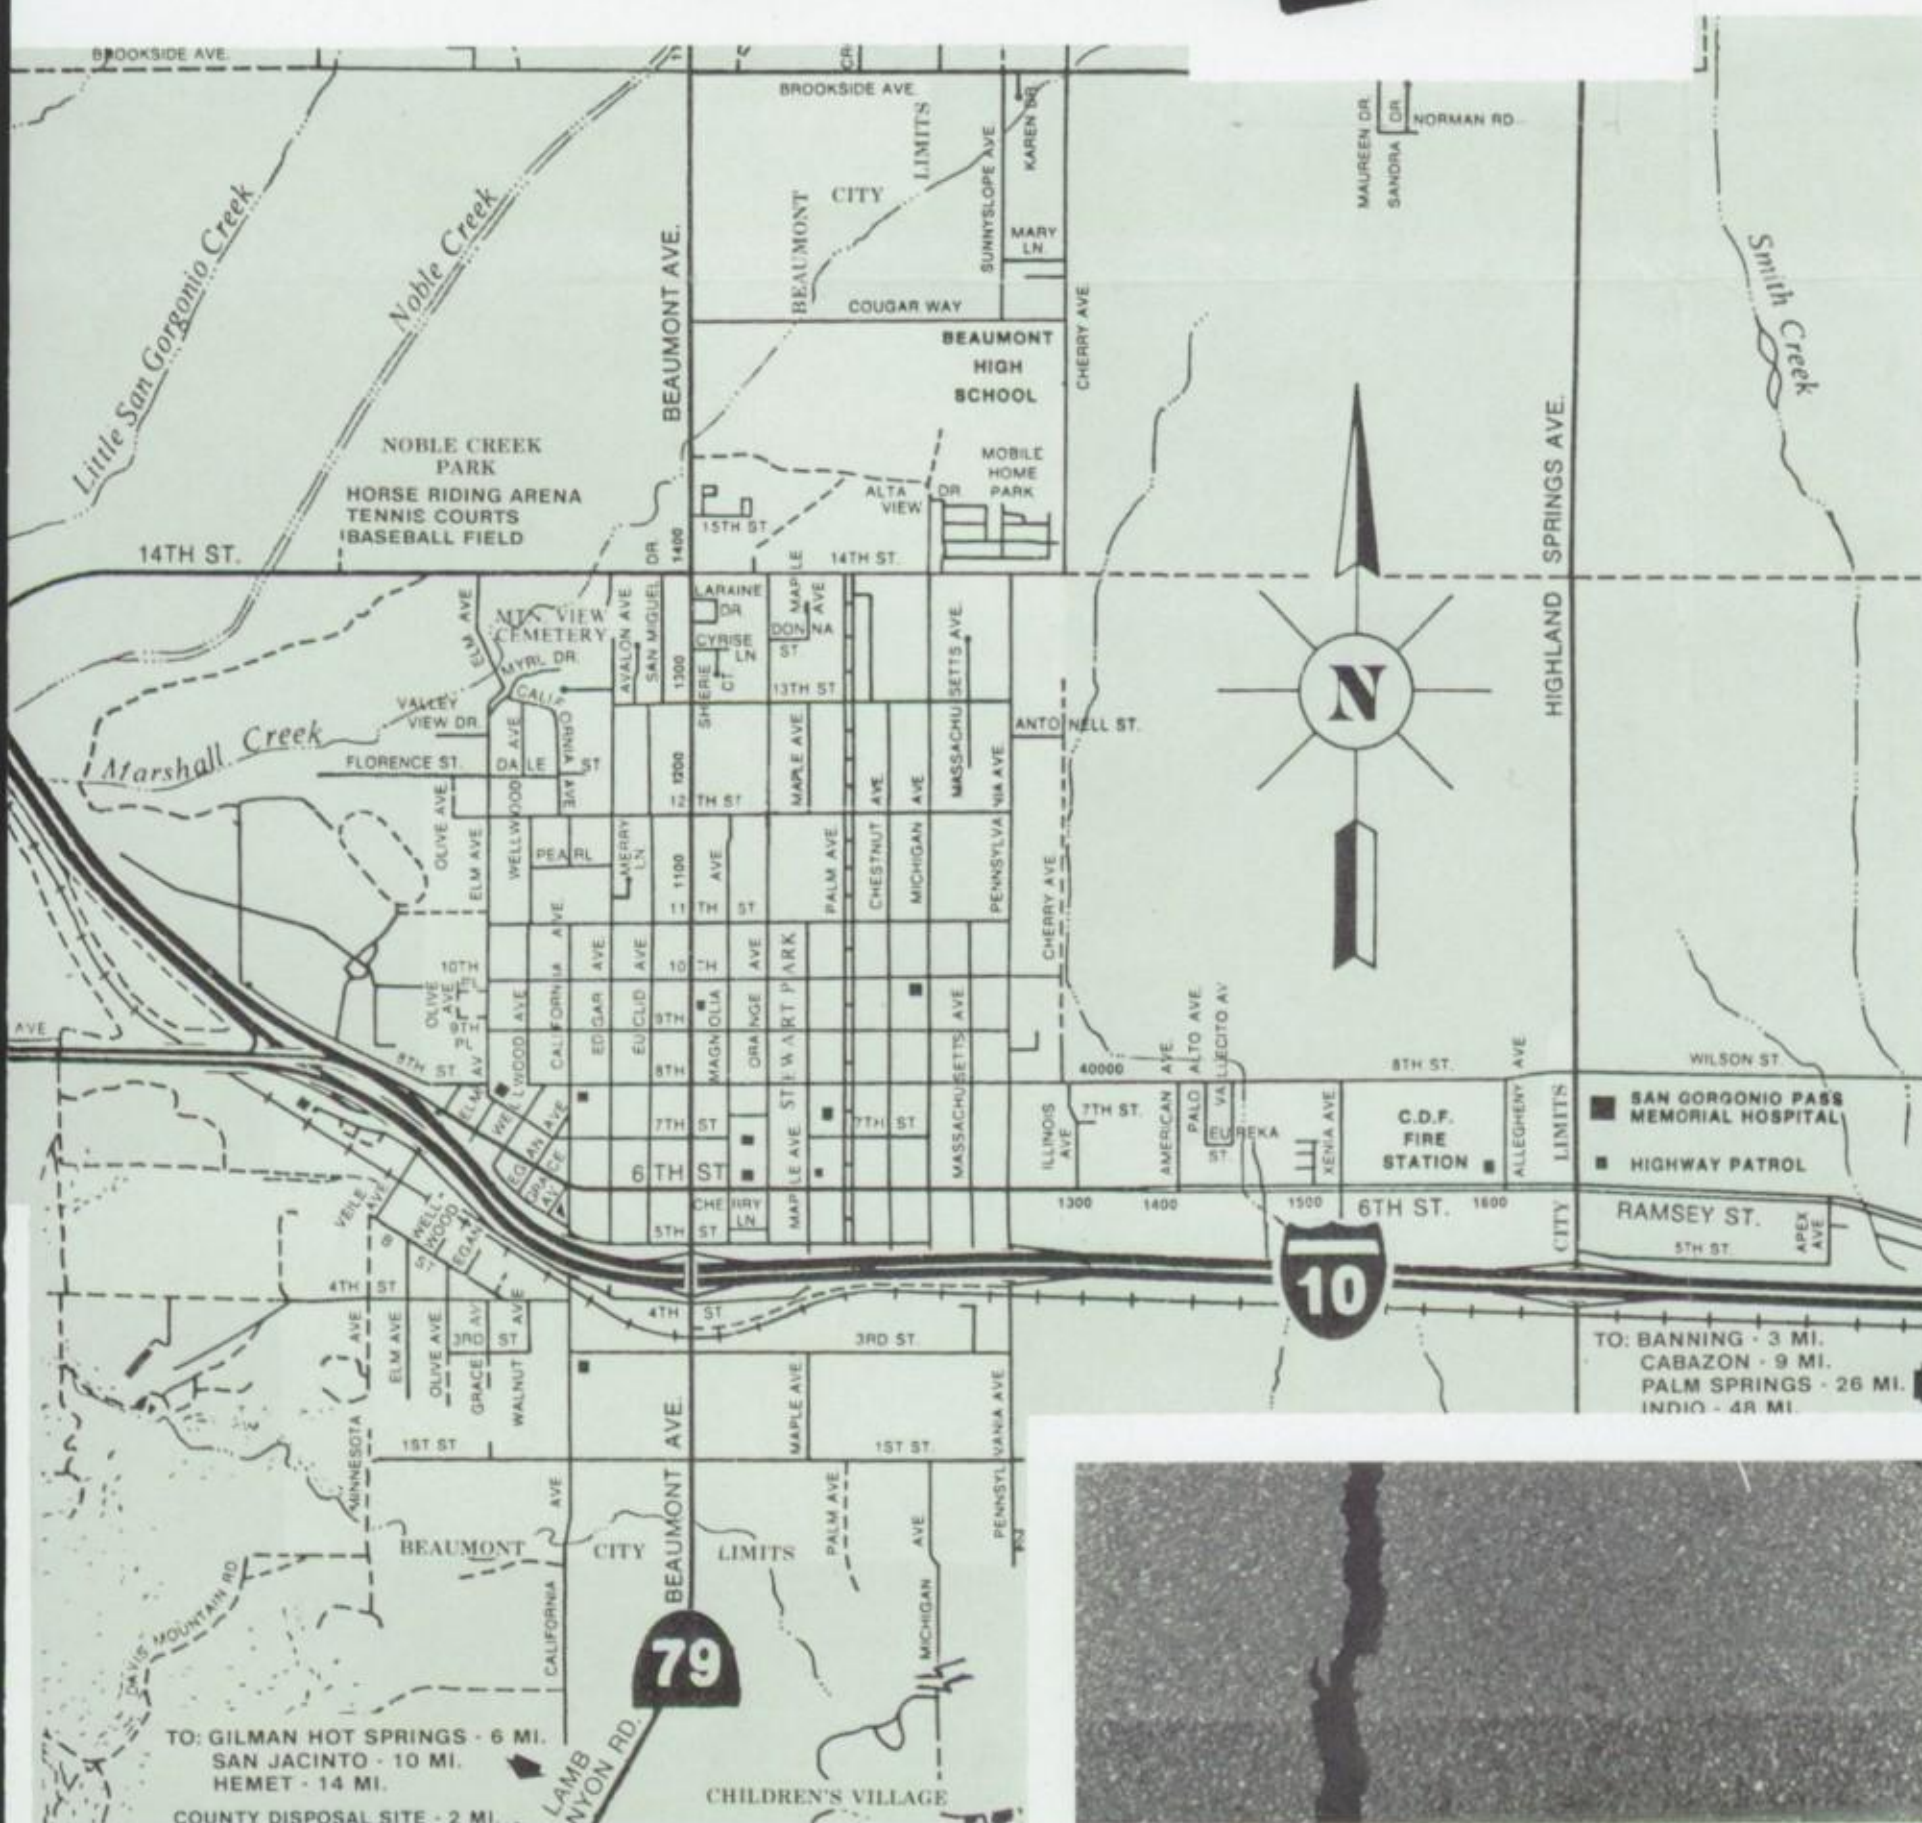

The Quake was the largest to hit Southern California since 1979. It was followed by 14 aftershocks measuring more than three on the Richter Scale.

The quake occurred along the Banning fault which was through the San Geronio Pass and is a branch of the notoriously active San Andreas Fault.

C.L.

QUAKE

Today the Desert, Tomorrow the Sea.

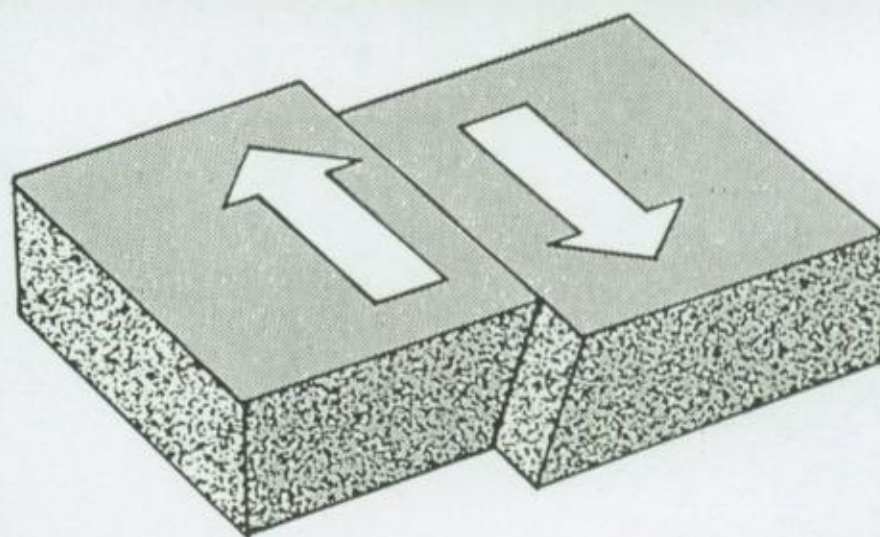

Above: Close up photo of the pass bridge at the North Whitewater exit off I-10, east of Banning.

Car sized boulders were dynamited out of the way. Earthquakes are a sudden release of energy caused by abrupt shifts in the earth's surface along faults.

California's biggest fault is the San Andreas, which is almost the entire length of the state. The 1906 San Francisco quake occurred along the Northern portion. The next quake will probably occur along its southern portion, which is about 30 miles east of Los Angeles. It has been 125 years since the east great quake, so we are in a period of which to expect another massive earthquake.

TO ROLL

"Mom, I need a ride to school."

Do you remember when you were younger and how you hated to ride the bus or have your mom take you to school? Well, a lot has improved over the years for these students at Beaumont High School.

Now most students at BHS have received their license by their sophomore year and have a car by their junior or senior year. At lunch, most students cruise to Baker's or home while underclassmen are left behind to eat cafeteria food. Having a car is a lot of responsibility, but it is a necessity in every day teenage life.

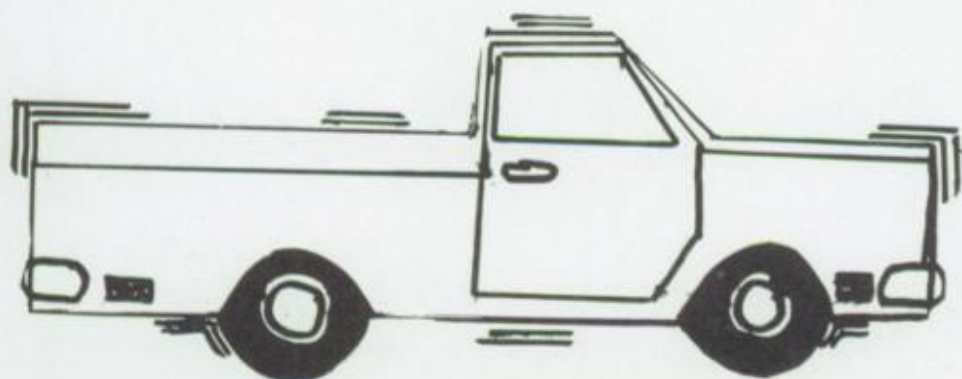

Scott Love and "Special Edition."

Chris Hirt received this for his 16th birthday.

Clint McClune with his red Firebird.

Denise Crawford shows a little femininity in her bug with the colors of pink, purple and white.

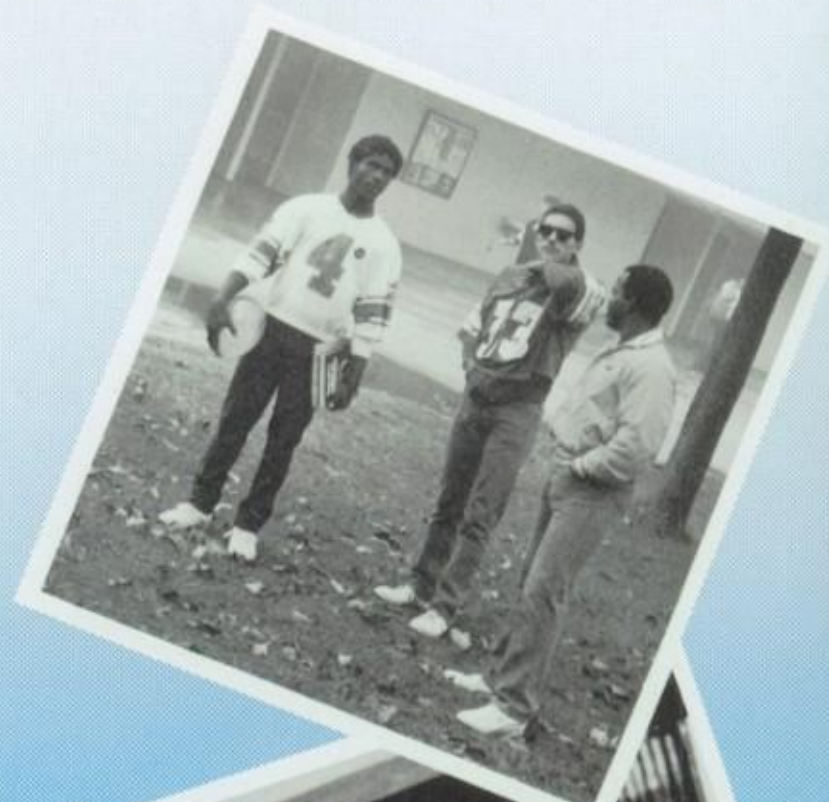

Shocking?

With the music of Pomp and Circumstance, the Class of 1987 is ushered away from the security of the daily routine of school into the realistic unsheltered world.

Graduation is not an end but a beginning. Eager, yet apprehensive, each individual leaves with a bit of remorse for days past and curiosity for the future. In the reminiscence of your Freshman year, you notice the distinct qualities that separate you from the rest of the student body. Qualities that you honestly don't believe you ever possessed. The days turned into weeks and weeks into months until the year ran out and the time was spent. No longer were you a freshman or sophomore but a sophisticated Junior. You were now accepted as part of the older half of the student body where wisdom and knowledge were associated. At last you were a Senior. The climb was long and hard but now you know your turf. Manipulation is what got you through your last year. You don't feel any different? That is the whole myth. Seniors only have more experience when it comes to making the grade. Not to say that the glorified senior is not everything he is made out to be. He has to start over and feel the insecurity of taking that first step into Adulthood. The fun and games are over but the road ahead contains so much more. Farewell to Pomp and Circumstance.

Football is all it seems that Greg Valdivia and Travis Lover live for as they take time to discuss plans to assistant coach Frank White.

Allen Street and Linda Naylor express their feelings of relating to school life.

F

all; (n) The season when leave fall: The season before winter.

To most students fall means crisp weather and falling leaves. Fall is a time for family, a time for grades, and also a time for sports. All of us look forward to Thanksgiving, eating turkey and seeing friends and family together. There seems to be an extra energy, something in the air, that gives peace of mind and a chance to settle down and enjoy the season.

A well oiled machine ...

the district office keeps the tremors from getting out of hand

Mrs. Anne Pickett — Superintendent

Mrs. Frankie Clifton

Mr. John Thornsley — Assistant Superintendent

Often in our lives, problems and decisions are solved and made without us even realizing who has taken the effort to resolve them. The District Office personnel do just that in conjunction with the School Board. They deal with minor disasters everyday and have been and will continue to be equally effective with major ones.

Mrs. Anne Pickett is our new Superintendent as of August 1, 1986. Mrs. Pickett, began her career as a kindergarten teacher in the Beaumont School District. She "retired" for 14 years to raise her family and then decided she wanted to once again return to the field. Since returning she has been district project director and principal of Wellwood Elementary and Palm Elementary Schools. She said, "Beaumont has been dear to my heart since 1968. I have put a great deal of my heart and soul into it."

The Assistant-Superintendent is Mr. John T. Thornsley. He is the business manager of the school district who makes the decisions concerning district expenditures.

The rest of the team consists of: Helen Enriquez, Secretary, Caryl Reber, District Office supervisor/Accountant, Frankie Clifton, Payroll Technician, Elsie Terry, Secretary, Annete Davis, Secretary, Elvera Goad, Project Accountant, Myrna Eberhart, Project Clerk.

A

questionnaire involving disasters was given to all the faculty. Yearbook staff wishes to share a few of the interesting responses with you.

1. What is the most embarrassing disaster to happen to you while teaching a class?

"My pants split down the middle" — Mr. Edwards

"Planning and demonstrating a scientific experiment where the result turned out to be the exact opposite of what is 'normally' expected. How embarrassing!" — Mr. Zaki

"Carrying a stack of big books, I tripped and fell, dropping books." — Mr. Clark

2. What advice would you give to your students if a 7 or 8 point earthquake hit during class?

"If it were May, 1988, I would ask them to agree or disagree with the statement, 'Nostradamus was right!' and have them explain their answers in a short, very short essay." — Mr. Lumsden

"Let's dance!" — Mr. Roughton

High On The Scale

Dr. Stratton and Mr. Wood talks about future plans

Mrs. O'Connor alias Tina Turner

Mr. McKernan and Mr. Boyd observe the lunchtime activities.

There are many people who help get B.H.S. high on the scale. Dr. Stratton checks to see that everything goes well throughout the day. He is also involved in making sure the teachers have up-to-date information and training, giving students every opportunity to learn. Mr. Wood is more involved with the students personally. Often it is Mr. Wood who helps straighten out a problem between teacher-student-parent. Mrs. Laura Plasse and Mr. Gary Harvey work closely together in the counseling office.

They give students advice and help them make class and career selections. Mrs. Carol Severns takes care of the school budget. Mrs. Jill Kidd and Mrs. Pat Shaw serve as secretaries to the principal and vice-principal. They do a good job of directing the business that goes on in the main office. Mrs. Pat Fregozo looks after the attendance.

On a Scale of One to Ten

Many students feel that once in awhile a teacher may have an electrical shortage in their brain wave pattern that hits at zero. Other teachers are considered great live wires and make it to ten. In reality, no teacher would have made it if their brains weren't working correctly. The proof? At least five years of college. The majority of educators continue to take classes for another degree or for self enrichment. Teaching is not an easy job. It takes a great deal of perseverance to stick to the job.

There are many methods of teaching. A bit of good humor and personal life brought into the lesson makes it easier to learn. A good example would be Rambo Hakala. He may be the only one who laughs at some of his jokes but the class atmosphere is relaxed and receptive to teaching. Then there are the no-nonsense teachers who expect quality work from their scholars. You may have to drag yourself to the demanding classes at times, but you will learn if you listen and remember the information.

Naturally, we have all kinds of teaching methods just like any other school. To get the most from your education, pay attention to what the teachers are saying and realize you are being prepared for the outside world.

What are some adjectives you would use to describe an earthquake? Scary, disastrous, fatal, terrible, awful, and shocking are just a few. Have you ever made the connection between these words used to describe an earthquake and your teachers? I'm sure you have used one or more of these words to describe your teachers. When report card time rolls around, teachers seem to be all these adjectives rolled into one. It seems teachers have control over your life. If you receive a bad grade in one of your classes, your life is ended at home, in sports, and in your social life. The control that the teachers exert over you will turn some nightmare times into experiences that you will value the rest of your life. Then, perhaps, as you grow, control becomes guiding, a necessary verb in the educational system.

CLUBS

AND

ORGANIZATIONS

During most students high school years they are most likely to participate in one of many clubs on campus. Clubs and organizations are quite important throughout our high school days. Many students may not realize the time, effort and dedication that students and advisers put forth to keep their organizations running smoothly. Though all clubs are run independently they must approve their activities through the A.S.B. and The Student Congress. So next time you buy a box of M&M's or get a friendly message (with candy cane of course) or enjoy a night dancing, think about the clubs, they're the ones responsible.

The Night Before Deadlines . . .

T 'was the night before deadlines and all were at task. Only knowing someday their work would be unmasked. **Jann Moise**, their advisor pushing them on with all fury, could only be heard saying, "Work faster and hurry." Our Summer editors could really take the heat. With the help of others, **Betsy** and **Shannon** couldn't be beat! **Elizabeth** and **Russell**, editors for Fall. Realized it was more than just pictures that needed to be installed. Our Winter editors couldn't be chilled. With **Brenda**, **Georgina**, and **Cherie** working, the job couldn't stand still. **Tina** and **Teresa**, editors for Spring. Initiate action and laughter they bring. With **Pat** as the artist and **Ann** as the secretary, the work was finished a bit in a hurry. Photographers, **Russ** and **Michelle** shot all they can take. While **Elizabeth** their secretary, tried not to make a mistake. **Shelley**, **Angela**, **Susan**, and **Leanna** — the rest of the half — fitted in as the Live Oak Yearbook Staff. *T.S.*

Inter-Organizational Council

Christy Cripps poses a question that gets everyone's attention.

Every year our campus improves in one way or another; and you can be sure IOC has helped in some way. The IOC holds meetings every month under the direction of **John Wood** and President, **Amy Cullen**. Their main goal is to work together with classes and clubs to come up with funds which are used to improve our school. Through great effort, the Inter-Organizational Council makes BHS the best it can be.

FHA-HERO

Future Homemakers of America is one of the most active clubs on campus. They are involved in many activities throughout the year. The FHA-HERO organization is a community service club. They help other groups by serving breakfast, luncheons etc. . . . To relax and get better acquainted they take an annual trip to the mountains. They attend the state meeting and there they meet other FHA-HERO members from all over California. They have original fundraisers throughout the year, such as a trash-a-thon, holly grams, and delicious bake sales. FHA-HERO plays an important role in the lives of those involved during their years in school and in their future. *B.B.*

Journalism

For the first time in two years we had a school newspaper. It

was put together by Mrs. Moise's journalism class. They worked hard just learning the techniques for the first edition in November. The paper became better as they gained experience. Stephanie Jameson and Briana Donnelly were the feature and news editors. Laurie Hiser was the copy editor and the news editor was Martin DuSold. The name of the newspaper was **The Blue And White** in Black and White. The staff overcame many problems but in the end they all felt it was worth it! B.B.

A.F.S.

The A.F.S. club's major goal is to promote better understanding among people through the student exchange program. The exchange student program is famous world wide and participated in by many countries around the world. Through this program a first-hand look at the customs and interest of people in different cultures is given.

A.F.S. also raises funds to cover the foreign exchange student's year at Beaumont High.

A.F.S. also participates in the Homecoming parade, sponsors one dance, and has a booth in the annual carnival, among other activities. The Beaumont High A.F.S. chapter works in close relation with the adult chapter of A.F.S.

Art Club

Art Club, advised by Jann Moise is dedicated to contributing artistic ability to the school and community.

Through many different art projects, members receive a better understanding of artistic media and are encouraged in self expression. Art Club is involved in school activities and fundraisers. The club works hard to involve students in expressing themselves through art by hosting contests along an artistic line. The club has been involved in the pumpkin Cut-up Contest, Fine Arts Department Christmas Concert, and a host of other activities.

Future Business Leaders of America Take The Lead

What is FBLA? FBLA or Future Business Leaders of America is a club of young scholars striving towards the goal of becoming very successful business men and women. This club meets every first and third Monday of the month during the lunch period. While attending meetings, students get to know all the club members a little better by

participating in activities within the club.

FBLA and other types of clubs and organizations compete against each other by selling goods such as hats, candy, and pins throughout the campus. All together, FBLA prepares students with the information needed to become a well skilled business success.

Another Great Year For R.O.P.

Shake, rattle, and R.O.P. If you are interested in a career in auto maintenance, restaurant occupation, business, or agriculture, then R.O.P. is the way to start. Regional Occupational Program (R.O.P.) trains students in the endless strife toward a better future. The students who participate in an R.O.P. class get hands-on training at the same time that they receive credits.

In classes such as vocational auto, **Stu Clark** teaches students the skills needed for repairing engines and engine parts to repairing a flat tire. When asking **Eric Grindeland** on what he likes most about his auto shop class, he said, "I really think lab day is the best because you get to work on any part of a motorized vehicle."

Like many groups, MECHA started in the 1960's as a revolt for cultural

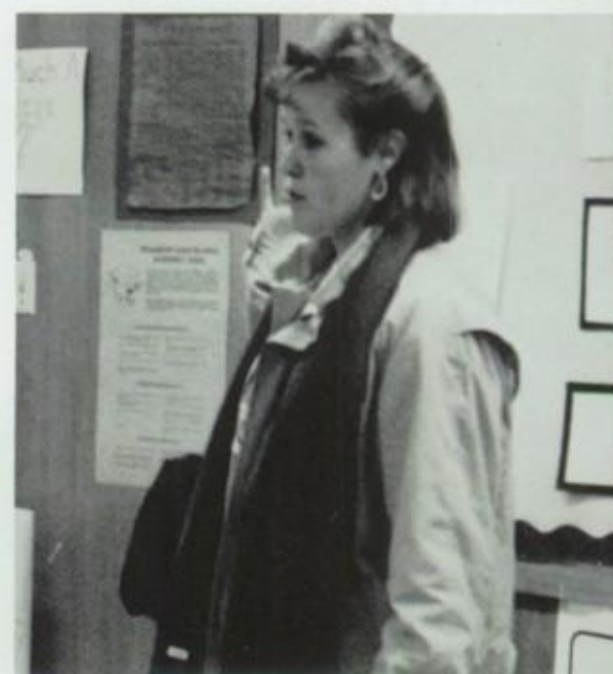

recognition. Mecha stands for Movimiento Estudiantil Chicanos de Aztlan. The club is designed to develop cultural awareness of Mexican Americans. Through the years, BHS MECHA has carried on the tradition.

HONORING C.I.F. PARTICIPANTS

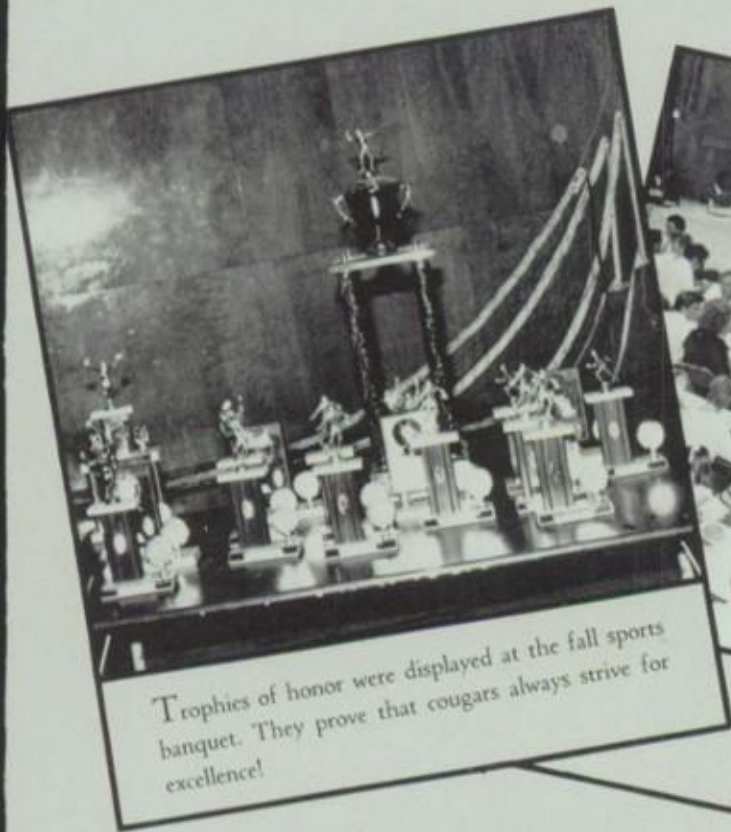

Displaying their winning smiles and medals are cross-country members Brigitte Kelly, Anne Gallup and Karen Chambers. The girls' team finished third in the League finals. They went to C.I.F., representing Beaumont and coming in eighth in their race. The girls' team included Karen Chambers, Anne Gallup, Brigitte Kelly, Angela Richardson, Rebecca Kemp, Sheri Rentz, Kristie Steele, Kasie Hirt and Tracy Caldwell. We are proud of you.

A perfect swing! Tiffany Fleischer shows the style that took her to C.I.F. Julie Hines and Tiffany represented our school at the tournament, beating Elmore in the first round of C.I.F. They went on to the second round, losing to Chadwick. The team has gone to C.I.F. every year since the program was started for girls' tennis in 1974. They can be proud of that.

In blue and white, Nick Kelly struts proudly off the field. The football team finished their season with a 9-2 record, and reached the C.I.F. playoffs for the fourth straight year. They did an outstanding job during the season, and played hard all year. Even though they lost in the playoffs to Kern Valley, they fought it out to the end and everyone was very proud of them.

Trophies of honor were displayed at the fall sports banquet. They prove that cougars always strive for excellence!

Athletes and their families gathered at the sports banquet to share the letters and trophies awarded that evening.

"Where are the other dogs?" Students try to distinguish other members of their class by listening for a "bark," "moo," "baa" or "oink" from their friends at the C.I.F. assembly. C.I.F. Day was held to honor all the teams who participated in C.I.F.

FRAGILE: HANDLE WITH CARE

We meet many people during our lifetime, but true friends are rare.

Friends are hard earned and once found, should be treasured. Friendship is a very fragile relationship requiring as much care in handling as any other delicate and complicated commodity.

A few definitions from students show that even their meanings of the word "true friend," are difficult to express.

"A true friend is someone who likes you for what you are." — **Robert Mumper**

"Somebody you can be yourself around . . . somebody you can trust." — **Sharlene Rakestraw**

"A true friend to me, is someone who understands me, yet still sticks by me." — **Leah Bell**

"Someone that you can depend on, tell all your troubles to, and without them telling anyone." — **Todd Grimes**

"One who always puts a smile on your face." — **Melissa Endsley**

"Someone who shares the same interests, and enjoys being with you." — **John Mansperger**

"A true friend is a good friend." — **Larry Harris**

"Someone who will be with you a long time." — **Michelle Neville**

"Someone who will be with you when you are in trouble, and will cheer you up when you're down, and also someone you can trust." — **LaDenea Terrill C.L.**

By Thursday Mrs. Brown was ahead with nearly 200 cans. Mr. Boyd kept his count a secret. Classes collected money for can runs and came back with the stores supply of Top Ramen. Three classes won the Pizza Party; Mrs. Moore's, Mrs. Smith's, and Dr. Zaki's. Thanks guys you did a great job! B.B.

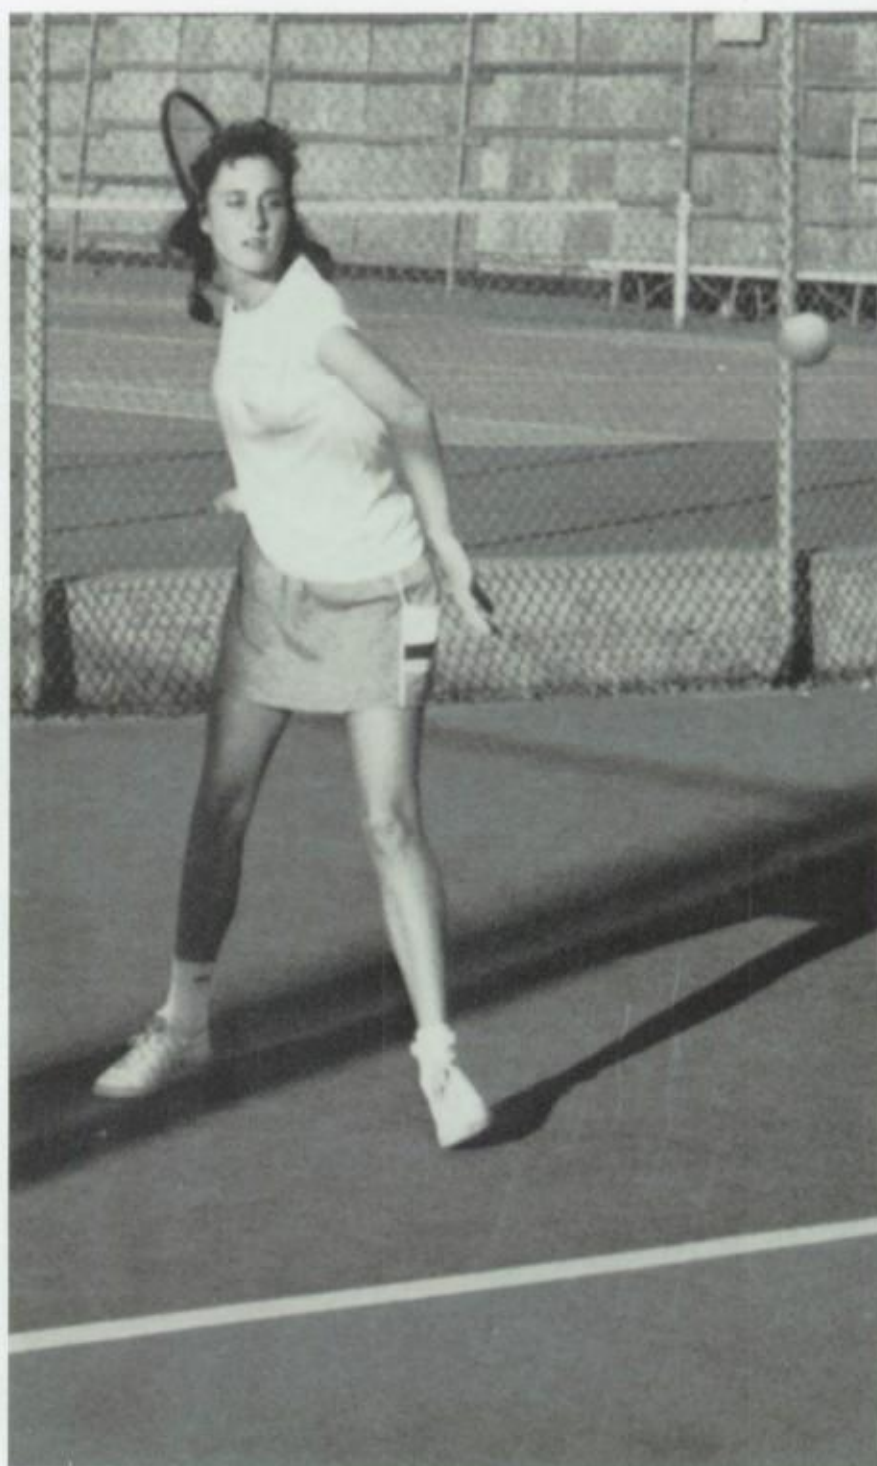

GIRLS' TENNIS JOLTS

the DeAnza League

The Girls' Tennis Team once again Jolts the DeAnza League with 7 of their top players returning.

Always showing teamwork and great sportsmanship, the girls' team finished third place in league enabling them to go to CIF for the 12th consecutive year.

Tiffany Fleischer and Julie Hines represented Beaumont in League Finals finishing in second place. Chosen this years Most Valuable Player was Denise Crawford, Most Inspirational was Kristie Mee, and Most Improved was Denise Creighton. Congratulations and the best of luck next year!! S.S.

O

ther teams crumble as our team take the scene. We had an awesome year in sports as we chalked up many victories. Lying deep in the foundation of our teams goals was CIF. Our goals were strived for and conquered. Students were very involved in their sports. The amount of people who try out for sports is surprising. This makes competition stiff and the very best win.

Training begins early and the students concentrate on winning. Our teams worked hard on the field, court, or diamond. Teamwork was the name of the game. Our coaches brought out the best in everyone. The fans played an important role with their spirit giving our teams that extra lift.

The Pep Squad had a very busy schedule cheering our players on to victory. Leading the spectators in supporting yells, the football team made it through CIF Championships. They practiced after school working to learn new routines guaranteed to induce the fans and players to give their all. Being a cheerleader is the goal of many girls, even in junior high school. Because being one is like being on top of the Athletic ladder. The Pep Squad was unique in having David Pecarovich as our only male Varsity Yell leader. CROSS-COUNTRY

BLOOD, TEARS, AND TRIUMPH

Not only are these the themes of Coach Hakala's hero, Rambo, but they are also the themes of the cross-country team. Pushing until you feel you can go no further is an important part in surviving cross-country. "No pain, no gain" is obviously true in this sport. But the reward is what makes it all worthwhile.

The cross-country teams' efforts paid off in the long run. The girls met the challenge with a trip to the first part of C.I.F. The girls also won first place in the Rim-of-the-World Tournament. This was a rebuilding year as far as the teams were concerned. Last year the boys graduated four seniors and this year they ran two freshman and three sophomores, and had only one senior. "Next year's team should be much stronger," according to Mr. Hakala.

Members who ran cross-country were Dean Cromwell, David Hernandez, Scott Gallup, William Gray, Todd Gray, Scott Odan, Ron Peterson, Paul Dora, Martin DuSold, Derron Rentz, Mack Brey, Anne Gallup, Angella Richardson, Karen Chambers, Becky Kemp, Sheri Rentz, Brigitte Kelly, and Robby Batton.

BUMP SET SPIKE

That's the way we like it! This is something that you can hear not only from the varsity, but the J.V. as well!

Coach Glenn Folley is a first year coach of volleyball and has coached track and football before. He stated, "I have enjoyed being a part of the cougar staff, and am looking forward to next year. Several of the girls are working on Mondays, Wednesdays, and Fridays in the weight room on their own and that is a good sign. The frosh/soph had a good season also, and several of them will move up to varsity, replacing the five seniors we're losing." The cougars finished fifth, in DAL, as a team after winning four of their last seven games. **Tammy Szczypiorski** was selected second team DAL and **April Hudnall** as Honorable Mention. At the awards banquet, **Tammy** was also selected, as the most valuable player, and **Kristy Weaver** as the most inspirational by bumping, setting and passing. Each individual received a letter of either 1st year or second year.

Starting players were seniors, **Elizabeth Espinosa**, **Tammy Szczypiorski**, and juniors, **Sophie Spencer**, **Kristy Weaver**, **Rosaura Solis**. Sophomore **April Hudnall**. Back ups for the first string seniors **Ruby Castro**, **Faith Johnson**, and **Rosemary Valdivia**. Juniors: **Adriana Castro**, **Michelle Jones**, **Trina Harvey** and **Kim Ross**. The team did an excellent job this year, and have improved tremendously!

SPIKE IT OVER!

That's just what they did! The JV Volleyball team had an excellent year, bringing back five players from last year, and four freshmen. They also had 5 new sophomores. Team captain **Lara Nettleton**, server and spiker, was overheard saying, "We did a great job this year." Coach **Wilken** was new this year. She intends to coach next season also, and the JV team hopes she does! *M.J.*

season was very exciting because we did so well. Everyone worked really hard and the determination paid off. I am glad we had such a dedicated group of coaches to work with. We worked extra hard on defense where we had the #1 defense in Riverside County. We produced four shut outs, including one overtime with rival, Banning, whom we have not beaten in 12 years. It was a season that I'll never forget. I'm glad I was a part of such a great bunch of coaches and players."

D.A.L. Bows to Beaumont

Shock — to surprise; horrify; (N) A violent This certainly describes the Beaumont Cougars. Working together they did what others said was impossible. The team has continued the winning tradition set years ago by former Beaumont Teams.

The Cougars ended up with a 9 win, 2 loss season. It was the best season Beaumont has had in a long time. The Cougars season was highlighted when they defeated Whitter Christian and demolished long time rival Banning. League Rival San Jac., also fell to Beaumont. Beaumont has established itself as a strong football contender. This was truly a year no one will forget. R.B.

Riverside County
Coach Of The Year
Mr. Gary Harvey

"The 1986 Football season proved to be exciting and full of surprises. It provided the school with it's second football championship in a row. Seniors provided the leadership that enabled the team to finish with a 9 win 2 lost record. They helped lead the Cougar team back to C.I.F. for the fourth straight time. This team gave up only 73 points which is the best in the county. More important, they enabled the students, parents and community to hold their heads up with pride.

The team had tremendous pride in themselves and believed that they could win the championship. They definitely did some good things. The coaches thank them for believing and for all of their hard work. It truly will be a year to remember. Memories of beating Whitter Christian, Banning and San Jacinto will be with us for a long time. This set the stage for future teams to reach.

Thanks"
Gary Harvey

2-45! 2-45! Hike! The j.v. football team did better than they think they did. After losing games at the beginning of the season, they came back strong and won all the games at the end of the season. With a coach like **Gary Roughton**, who wouldn't believe it? There were several new players on the team, mostly freshmen. They backed up the starting sophomores. Since the sophomores are moving up to varsity, our freshman players will be the starting players, and they will lead our cougars to victory! *M.J.*

"This season has been a very enjoyable and rewarding experience for both the team and the coaching staff. We have developed a style of play featuring team concepts on offense and defense that features hustle, determination and skill."

As the crowd holds their breath waiting for the last seconds to tick away, it seems like eternity as the ball soars through the hoop and Beaumont wins again.

That happened many times this season to the boys' basketball team as they won another victory. Anyone who attended a boys' basketball game knew that there was an exciting game in store for them.

Taking the lead, is what the girls' Varsity Basketball team did. **Coach Cloud** comments, "This year's team record of 18-4 is the best record for a girls team in Beaumont's history. Highlights were a 7-0 pre-season start with a win over last year's CIF Champion Yucca Valley in winning the Banning Block B Tournament. **Elizabeth Espinoza** began the year hot by averaging 15 points per game. M.V.P. strong play always came from **Tammy Szczypiorski** with 15 points per game and 13 rebounds per game for the year. After **Elizabeth** got hurt many players picked up the slack. **Lolita Valdivia** had to start scoring and that she did by scoring 20 or more three times. Great defensive work came from **Shronda Bernard** and **Jo Gardiner**, and extra shooting from **Tracy Caldwell** and **Kasie Hurt**." Great job girls!

Under twinkling Christmas lights, the Jazz Band, Concert Band, and Pass Chorale, were presented by the spirited fine arts department. The concert was held on December 18, in the Beaumont High School Gymnasium. The opening speaker was Jann Moise, who introduced the different performing groups, along with Sandy Moore as Mrs. Santa.

Paul Chavez directed the concert band and also the jazz band with guest conductor Bob Barrett. Following the Bands superb performances, the Pass Chorale sang many well known Christmas songs. The group was directed by Pamella Ann Ott, who also led the group and all of the audience into an old fashioned sing along. This night was a great success for everyone who was there.

O

ne of the best divisions of the year is the season called Spring. As Spring emerges from the cold days of Winter many people change in feelings, emotions as one saying goes, "In Spring a young man's fancy turns to Love."

On the outside, the world looks more beautiful, alive, and colorful. Thus our spirit reflects the bright, new season.

Spring

Basketball homecoming was a great way to start the second semester. Tuesday, Clash Day, was the Jelly Bean Pie contest and G. Valdivia came up with the winning jelly bean. Wednesday was Scarf and Bandana Day. S. Birrer was the lucky winner in the Suzy-Q contest. Thursday was 50's and 60's day, and R. Hinojosa, a Freshman, took first in the Mr. Universe pageant. Friday was Hug Day and the Seniors took first with the pep stick, their float, and in the lip sync as the Blues Brothers. The Juniors were second, and the Freshmen third. The victorious basketball game was followed by the romantic Heart to Heart dance.

LT

"Look Mom, no hands even!" Says Brad Davis

The Seniors were very impressive with their first place float.

The second place Juniors rocked the gym as Bon Jovi.

Now, don't Chris Hirt and Ronna Stown look appetizing?

The Freshmen received third place as the Cure.

The Cougar Club participated by entering a "Cougars Have Heart float."

After a lot of hard work, the Freshmen displayed this winning float.

The Sophomores showed spirit by entering their float.

The Royal Court

Princess Irene Morris

Princess Faith Johnson

Princess Briana Donnelly

King Greg Valdivia and Edith Morris

Queen Tracy Caldwell

The crowning of the king and queen was one of the main events of Basketball Homecoming. Tracy Caldwell and Greg Valdivia were elected to reign over the court. Senior princesses were: Faith Johnson, Briana Donnelly, Irene Morris, and Tammy Szczypiorski. Senior escorts were: Todd Grimes, Dan Fitch, David Hernandez, Sepp Birrer, Sal Valdivia, and Mathieu LaClautre. Junior princess — Julie Hines with her escort Tony Cassetta. Sophomore princess — Katy Barth with her escort John Magenheimer. Freshman princess — Nicole Dominguez with her escort Rueben Figueroa.

Strength

Winning by a large margin, the track team was a success! With 84 members they won meets with miles of talent. The head coach was our very own Coach "Rambo" Hakala. Assisting him were Coach Perry, Coach Clifton and Coach Lee. In for a great year, they worked as a team to successfully accomplish their goals. Coach Hakala made this statement, "I feel sorry for the teams that have to go against us."

Girls' Softball Teams Swing Into ACTION!

Ready and alert as always, the girls' softball teams open up their starting season with a victory over Temecula. Mr. McCambly and Mr. Weaver stepped into action coaching Varsity Softball for the first year, with Mrs. Wilkin coaching J.V., the teams were unbeatable. Sweating it all out, after school, during practices, the teams gave it their best.

Starting Line-up — Varsity:

Kristi Weaver — Pitcher

Faith Johnson — Catcher

Briana Donnelly — First Base

Sophia Spencer — Second Base

Kelly Harper — Third Base

Dana Donnelly — Short Stop

Lolita Valdivia — Left Field

Marcia Mason — Center Field

Antionette Rodriguez — Right Field

It is not only the "starts" that make up a team. It is work from each and every player. Teamwork is the name of the game and the girls' softball team was a **TEAM** who worked together.

On the right is Billy Westcot at his BEST!

On the left Tim Deckard is ready at the net. Joel Craig shows them who's #1. Mathieu Lacautre makes the winning shot.

Hung Pham is on the go! Billy Westcot's true style. Carl Kidd has the style of a pro. Below is the Tennis team hard at work.

Our Boys' Tennis team was on their way with 25 new members coming out for the team. Three of last years' top players came back in full swing! They had a new coach this year, **Mr. Gary Roughton**. This is what **Mr. Roughton** had to say about the team, "Although we have a lot of new players, there is a lot of talent and a lot of potential." His aspirations for the team were very high!

Five of our players will be graduating this year, Russel Bogh, Billy Westcot, Mathieu Lacautre, Alan Street and Ponch Tucker. Russel comments on the team, "Even though we had a young team we had a good season!" The 1987 Boys' Tennis team did a great job representing us.

T

he Underclassmen make up a large percentage of the population of Cougar Country.

They cause an electric **pizazz** wherever they congregate. They are one of the reasons we have pride in our school. Athletics, Scholastics, and activities of all sorts, are entered into by the enthusiastic and determined cougars.

The Alma Mater brings a lump to the throat, tears to the eyes, a feeling of over all achievement. The memories start as freshmen and accelerate through the years.

The elusive senior status finally changes the young cub to maturity. All their lives they have someone to look up to. An older idol. One day you'll find you are no longer a member of a younger class.

Sophomores

As freshmen, they struggled to find their role in student life, and searched for the group of people they felt most comfortable around. Becoming sophomores, they began to feel more confident around their peers. They had overcome their jitters as a freshman, and eventually got accustomed to the sometimes unstable life of high school. They made it through the good times and bad, shaken to push on towards their not so

far away goals. In their second year of high school, the class of "89" had settled into the daily routine, and were on the road to success. The sophomores dedicated a great deal of time to bettering our school. In the future the class will prove to be one of the outstanding ones of the eighties. C.L.

Frightened

FRESHMEN

Excuse me, but could you tell me where this room is?" asks a person whom you have never seen before. Nine out of ten times it is a freshman asking the question. When you see people walking around alternately looking at their schedule and map of the school, you are safe to assume that this is probably a freshman with butterflies in their stomach.

The high school is a new sphere for many people. Many are in awe of the upperclassmen and try to avoid the teasing at their expense. Other new additions try to fit in and do their best to mask their fright. Slowly, throughout the year, the feeling of belonging takes over. The frightened freshmen of September become the funky freshmen of June. S.C.

High school days have the potential to be the best days in any person's life. The potential is there, but it's up to each individual person to make these days into the best that they can be.

This is where believing in one's self and setting goals is so extremely important. Next comes achieving them. This takes time, pa-

tience, dedication, and sincere effort. Finally, one becomes the person that they always wanted to be. The fact is, that even in high school, these goals are made, as well as achieved, and people become who they truly want to be. So now is the time to think about, and set your goals.

Len Bias, died June 19, 1986. Don Rogers died June 27, 1986. Drugs claimed these two sports stars — and 147 others. For nine days in June 1986, *Life* found 147 others who had also died of drug abuse. Most drug victims were not athletes, rock stars, or ghetto kids.

Tom Cruise, the twenty-four, "magnet for women" also had a way of attracting juicy roles in Hollywood smash hits. He gave two cocky performances: a pool hustler in *The Color of Money* and a navy pilot in *Top Gun*, which he propelled into 1986's number one movie.

More than 100,000 Russians were dangerously exposed when the power plant at Chernobyl erupted last April, and it may be years before the world is able to measure the aftershock of this most devastating nuclear accident in history.

The yellow fever began with Baby on Board. The cautionary messages that everyone had stuck onto car windows were just one of the fads that passed with flying colors.

AFTERSHOCKS

Dan Carlson and Joe Dominguez receive football athletic awards.

Aftershocks rocked the campus making this a memorable year. Not all made a positive impact such as the near fatal accident of three juniors in early fall. It will long be remembered as a year for girls' and boys' athletic excellence with football, basketball, girls' tennis, track, and baseball making it to C.I.F. Old senior square had a much needed face lift. Dr. W.M. Stratton became a curriculum coordinator at the District Office, John Wood became Principal and Laura Plasse Vice Principal. Ann Lanari became a counselor and Erlinda Wilkin was hired for girls' physical education. Individual awards were rampant with many new ways to recognize student achievement. These events and many others will be remembered as **SCHOOL AFTERSHOCKS!!**

To Our Youngest Twins, From the pacifier and the blanket to the caps and gowns;
There was a long road and many years of hard work to get there but you two finally
made it! You both make your parents very proud. This is just the beginning of your
future, count it as an accomplishment.

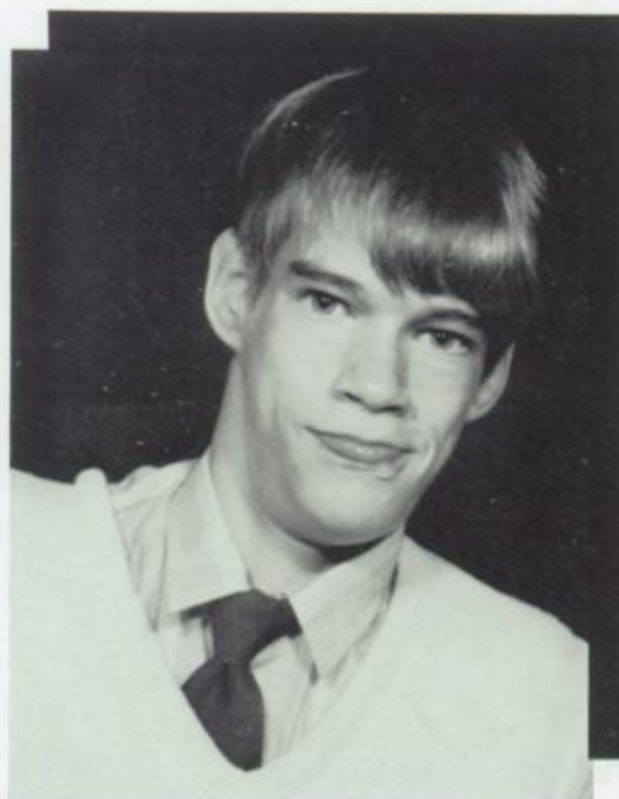

Lots Of Love,

Mom & Dad

WOW!!!! You graduated from high school. What a long way you have come. You are our PRIDE, JOY, LOVE, and a LEADER. We
Knew you could do it! CONGRATULATIONS!!! Your Family, Mom Mary, Mom Guil, Dad Russ, Dad Leonard, Mary D., Kim,
Christian, and Michelle.

I would like to take this opportunity to congratulate the Class of '87 for a "job well done", and to challenge you, as well as your fellow students, to push yourselves to the limit of your ability and to reach toward your greatest dreams.

As a Police Officer and a member of the Beaumont High School Alumni (Class of '73), I understand all too well the pressures on today's teenagers. No matter what the problem is or how great it may seem, there's always someone, somewhere who can help. You need only to ask.

Sincerely,
Mitchell N. White — Corporal

Tammy Jo Szczypiorski,

"CONGRATULATIONS" — on your successful High School years at B.H.S. May God Bless you with good health, wealth, and happiness. You have come a long way with your talents. We Love You.

Mom, Dad, Barbie, Mike, Robert, Daniel, Grandma, Auntie Sis, and Auntie Pat

Dear Jason,
If you ever need someone
I have a lot of love to
share. I will be there un-
til the end; To show
how I really care. If you
ever need a guide by
your side; to help you see
the light. Just remember:
I will Love You for all
ETERNITY.

Love Always,

A police sergeant named Jesse Cook was one of the few people awake at 5:12 A.M. Cable car lines he twisted thru Union Street the fateful morning of April 18, 1906. He saw the earthquake's tearing approach and said, "It was as if the waves of the ocean were coming toward me, billowing as they came."

A station wagon teeters precariously at the edge of gaping fissures that split the ground beneath an Anchorage residential area during the great Alaska earthquake of March 27, 1964. Shock waves generated by the quake were felt 800 miles away.

Colophon

The 1987 Live Oak, "In For A Little Shock," was financed, designed and published by the 1986-87 yearbook staff of Beaumont High School. This is our 72nd book at Beaumont. The book was printed in Marceline, Missouri, by Herff Jones Co. represented by Frank Chavez.

The 1987 Live Oak has 188 pages that were printed on 100-pound Bordeaux paper. The cover was designed by Lisa Umscheid, a graphic artist for Herff Jones. The endsheets were created by the yearbook staff through the courtesy of Cal Tech (California Institute of Technology).

The maps reproduced on page 16 and 17 were courtesy of the Production Services Department of the AAA (American Automobile Association) who waived copyright fees.

The development of all photography was done by Lasting Impressions of Beaumont which took all of the faculty and student individual photos. Mr. Doug Jirsa and his assistants also aided with many athletic events and student life photography.

The 71st volume of Live Oak, "One Size Fits All," was presented a Showcase Award for page design from Herff Jones.

DAVID,

It's so hard to find something to write. It's not even going to be the same without you next year. Even though I'll see you ~~EVERY~~ every day it's going to be so different. I love you so very much. You are so special to me. I am so proud of you. I hope I don't cry at graduation. I know you will be successful in everything you do. We will always be friends. We have so many good memories and there are more to come. I want you to know that I will always be here for you whenever you need me. I love you,

Dave!

Forever Always,

Reserved for Devron

David,

I feel so important - having this reserved for me & all. What can I say. I've known you for about 2 yrs. but it seems like its been 20. We have been through a whole lot together. You are one of my best friends! Every where we go together we have fun. I can't think of a bad time. Well buddy you're out of school now, what are you going to do? I hope whatever it is you're happy. I know we have a lot of good times left to share with each other. I hope we remain friends for ever. Even when we're 58 years old. We have to keep in touch. I'm looking forward to the summer. Remember last year? or last summer? We had a great time. I'm ready to go to the river this summer. We'll have lots of fun. We can go fishing & hiking & shopping & whatever else sounds exciting. If you ever have any problems & need someone to talk to - you have me. You know you can trust me. I know I can trust you. We've already helped each other through a lot. Don't feel bad if you can't find a solution, just talking to you helps a lot.

!

Dear David,
We'll ~~will~~ finally
graduating!!! HA HA
I'm so glad we
still friends. I remember
when you used to come to
Beaumont in 9th grade? We've had
some pretty fun and funny times. David!
You are a very special person. We better stay
in touch when I move! (I'm sure we will)
Try and hack your mother (and Karen) until you
are able to move out. If you ever need someone to talk
to or anything you know I'm here. See each other during
the summer. Will have a graduation celebration!!!
I love you David, always take care!
Love,
Amy Cull

P.S. Remember
EDGAR AVE?!
etc...

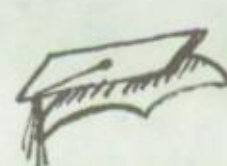

→ Thax for being there for me. I hope
we never loose our friendship. Take care
of yourself. I'll definatley see you this
summer. I love you.

Love,

Junior ~ Senior Prom

The 1987 Junior-Senior Prom was held at the Desert Princess in Palm Springs. The theme was "A Touch of Romance", which fit the evening perfectly. The Junior Class officers went to a lot of work to put on a nice prom for the graduating seniors, and quotes such as "wonderful" and "just beautiful" indicated that the juniors had achieved their goal. The ballroom was decorated with blue and silver balloons and streamers. Blue and silver cellophane streamers criss-crossed the ceiling, and blue and silver balloons hung from the walls and ceiling. The majority of the people enjoyed the beautiful decorations, and liked the disc jockey and his selection of music.

Mr. Barry Ablin was chosen as the 1987 Prom King, and Miss Traycee Caldwell was the 1987 Prom Queen. As far as that goes, everyone there had their own king or queen, and everyone who went will remember the 1987 Prom and what a glorious and special night it was.

ROTARY LEADERSHIP

Congratulations to Rachel Balingit, Dean Cromwell, Melanee Dark, Martin DuSold, Sophia Spencer, and Stephanie Ward for being chosen to represent the Beaumont Rotary Club at their annual Leadership Awards conference.

They were recommended by their teachers because of their achievements in school, and their involvement in extra-curricular activities, they were interviewed by the Rotary Club.

On April 3rd-5th the students attended camp O-Ongo, with students from Riverside and San Bernardino Counties. Supervisor Kay Cenicerros, and State Assemblyman Steve Clute, gave motivating addresses about making the most of leadership qualities and attaining goals.

EDITORIALS

WOOD WORKS

The years in high school have no substitute; when they are gone, they cannot be recalled. We often fail to recognize that high school is a precious, unique, special time in all our lives. In short, understand while you are young, the magic in being young.

As the school year draws to an end and we face final exams, we need to take a moment to look back upon the past year. Hopefully, it has been a beneficial year and an enjoyable year. Lasting friendships and memories have been created.

As the year draws to a close, hopefully you will wring every drop of fondness and togetherness from your days here so that you will not look back and regret the time spent. No matter what your plans are for the summer and the future, I encourage you to prepare yourself for the future. Take advantage of what you have. The Seniors will realize that high school was the best years of their life. The underclassmen I encourage to return rejuvenated so that the 1987-88 school year will be another grand and spirited year!

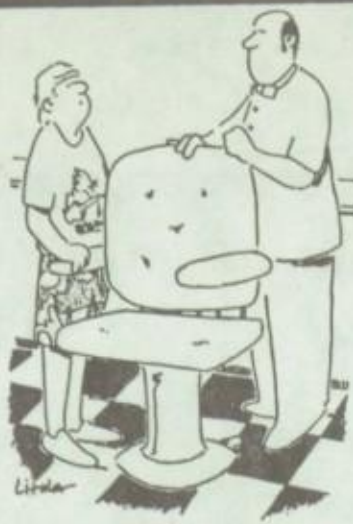

ONE OR MORE

Is it better to have one good friend or many friends? When asked this question Denise Baker replied, "It's better to have alot of friends because if someone is absent you won't be a loner." Her sister, Stacey, contradicted her by answering, "Having one good friend is better because you can share secrets and know that no one else will find out."

Friendship is a special thing. Who and how many people you share it with is entirely up to you.

Kayte Barth said, "At certain times in your life it is better to have a lot of friends to be with and have fun together, but at other times it's better to have a good friend to lean on."

Flash

"LET'S TALK ABOUT THAT MOMMY NOW
THAT MY MOM IS OUT OF HERE."

STRICT PARENTS

It is very probable that a high percentage of parents, if asked, would reply that the reason for strict policies and rules for their children is because they love them. Young people really know this is true, but because of their strong desire to be permitted to do what they want, often resent the enforcement of their rules.

Parents who require obedience from the time children are little, and who are consistent in restrictions and discipline, find when their children reach their teenage years they have already learned to respect their parents' decisions even when they do not necessarily agree with them.

Parents may sometimes seem to be too strict. In their effort to protect their children and possibly shield them from making the mistakes they made, it may appear to the young person that their requirements are unreasonable, especially considering the changes in the trends of the times. In the minds of the parents, this is precisely the point.

We have to admit it is better to be the child of caring parents, respect and obey their restrictive requirements, and know we are loved than to have parents who allow any kind of behavior because they don't really care.

FAILURES

For many people the word "failure" carries with it a sense of finality. But for the successful leader, failure is a beginning the springboard to renewed efforts" according to Warren Bennis, author of "Leaders: The Strategies of Taking Charge."

Believe it or not, the word "failure" is not even in the vocabulary of the Super Achiever. They refer to these as a "mistake" or "setback." One said, "If I have an art form of leadership, it is to make as many mistakes as quickly as I can in order to learn."

Almost anyone can be a Super Achiever. In establishing a long term goal, such as choosing an occupation or getting involved in an occupation or getting involved in school, you would ask these questions: What do I like to do? What am I good at?

It is important to remember that if you haven't tried you've already failed.

HONESTY

What would it be like if everything you said was the truth? When someone asked your opinion would you be honest enough to tell the truth?

Honesty is a noble quality. It pertains to everything from telling the truth to your parents to plagiarism on a school term paper.

But back to the basics. If your friend asks, "Do you like my outfit?" be tactful but truthful. By practicing true honesty you will gain a lot of respect.

Yet, there is another side to look at. If you ask for your friends opinion, expect the truth and realize that you may not like the answer you get. You asked for it, be prepared for the answer.

DEAR PEER

Dear Peer,

I'm in love with two girls. One lives in Banning and the other one lives in Beaumont. I really like both, but one can't say no. What should I do.

Signed Torn

Dear Torn,

There is no way you can date two girls at the same time and win. You must look at both girls carefully and pick just one. Maybe these two girls will find out and both will get rid of you! It does not show much class on your part. Get wise and make a choice.

Dear Peer,

I'm 16 and I'm pregnant. I don't know who the father is, it is a draw between two guys. I have been messing around with them and I think that it is the guy from Palm Springs, but I'm not sure. I told my mom and she was upset. She said she wants me to get rid of it or she will kick me out. What should I do?

Signed
Helpless

Dear Helpless,

It sounds like both you and your mom need some help. I suggest a counselor trained in the area of your problem. Don't wait! Check with your school counselor for numbers to call. Please don't do anything until you check with them.

Happy Ads ?

Dear Peer,

I'm four months pregnant, and no one knows, not even my newly found boyfriend, especially because it's not his. When it comes to sex my new boyfriend won't even talk about it. I don't believe in abortion, but I can't tell my boyfriend.

Signed
Desperate, pregnant, and feeling fat

Dear Desperate, pregnant, and feeling fat,

If you are four months pregnant already your new boyfriend is going to find out soon anyway. If he really cares he will understand. It is better to find out from you than someone else. Sometimes it helps to have someone you trust to help you, perhaps a friend or counselor. Good luck!

Dear Peer,

I have had a jock-itch for a year and I need to stop scratching somehow. Do you know a way to stop this phenomenon.

Signed Itchy

Dear Itchy,

If you had this problem for over a year you better get help. County Health may be able to help. I'm sure that local stores also have some medicine that will help. Get wise and stop itching. It is not good practice to let things like this go.

**HAVE
AN
ITCH?**

The 1986-87 school year is drawing to a close. As Seniors, we remember those things left to us as underclassmen by each preceeding graduating class; the unattended hours of detention, the many lost re-admits, and the long hours of homework.

The Senior Class of '87 have bequeathed to the underclassmen of Beaumont High the following:

I leave to the underclassmen my athletic ability on the football field and on the track.
Todd Grimes

It's funny how people start rebelling, following what's "in", forming criticisms against each other, and breaking apart from the elementary friends bonds. Suddenly, getting ready to graduate and be on your own, we realize we're still a big group, and were all in this together.
Linda Naylor

To all the underclassmen: I leave you wally, wiggity, wiggity, and underclassmen get real buff. Have alot of Shakes and "do some good things" and that you find out what "Big Red" is.
Larry Inman

To Jason Snyder I leave my home made black shorts, my old skateboard wheels, one edition of Thrasher magazine, memories in the now gone Roach Mobile and a 360 on 14th in the Roach, almost hitting a telephone. Hitting a rock on the freeway, coffee by the sea, little blue lights in the sand at the beach, and skating. And my friendship.
Rodd Boggio

Through four years experience I offer this advice: Baker's isn't the only place to go, always find a way to get off campus (makes you look good) and always be late enough back to school to run to your 5th period class, but make it right before the bell. That way it looks like you were doing something important. P.S. always have a believable excuse waiting in case you didn't make it in time.
Shawna Henry

I, Sepp Burren, from Switzerland, do hereby bequeath that my underclassmen, the class of '88, are allowed to take the pickles out of the BHS SnackBar Hamburgers if they don't like them.

I, Bryan "Spike" Dage, leave my locker with all my phone numbers to Nolan Moore so he can take over for me. I'm sure he'll do a good job.

I, Marvin Klein, leave my most honored and prized possession, my monogrammed underwear to be displayed in the school trophie case.

SENIOR BEQUEATHS

I bequeath to Kristi Weaver the long hours of homework I never did. I bequeath to Monica Calderon my big mouth, since I'll be gone--Someone has to scream. I bequeath to Gary Schuelke something he's always wanted--the key to my lock. I bequeath to Tony Cassetta, Jeremy Dorrough, Marty Grimes, and Micky Valdivia nothing--you deserve it!

Staci Stolle

I would like to leave the underclassmen unit 1 and unit 2 (the wakie-talkie twins)
Gidget

To my underclassmen I leave my "Say No to Drugs" material and my self-dedication to body building.
Joel Haskin

I leave to all the underclassmen the places open where I was teacher's pet. To one in particular, Chrissy Foster, my little sister, I leave the happiness of friends, boy friends, and adult friends the campus has, but also the heart ache of Mom on you to do your homework. Enjoy!
Janae Foster

To the underclassmen I leave Ms. Brown, Greek Mythology, and Shakespeare. Always remember, "Fair is foul, and foul is fair" (Macbeth).
Laurie Hiser

I being of sound mind and body leave to the lucky underclassmen Mr. Smith's constant lectures on the ironic equation of equilibrium constants--you'll understand when you get there. Maybe!
Tracy Miller

To all underclassmen I leave my best friend, Dana Donnelly. To Dana Donnelly I leave all the excitement and fun of high school. Enjoy it now. Do everything you can because it goes away fast!
Briana Donnelly

I would like to leave underclassmen, especially student/Athletes, all the great coaches that taught me so much about working hard and having self pride.
Barry Ablin

I bequeath to you all the long, hot hours of P.E. And all the research papers and library sessions, coach Harvey yelling at the end of break to get to class, and Ms. Plasse running around in the office and outside.
Amy Tressler

I, Art Zinn, would like to leave my dirty, smelly, gym clothes to the underclassmen at BHS. These may be found in a locker and worn with pride.

I bequeath to all the underclassmen, the fun time you will have in P.E. You'll just love it!
Brenda Robards

Don't be caught with dirty socks on!
Lela Terry

To Lolita Valdivia and Julie Hines, I leave my quickness and harassing ways to irritate a basketball team. To "Coach Cloud" I leave film starring myself on "How to play Defense the professional way, the only way, the Laker way!!" To Gary Harvey I bequeath my knowledge on how to be a counselor because--I took his job, I earned it. To Martin DuSoid I leave the thought of our fun times, laughs, and never ending track pulling pants fight! Revenge will be sweet, DEE!! To Melanee Dark, Sophia Spencer, and Heidi Capps, I leave my beautiful smile and wonderful dimples!!
Shronda Bernard

I, William L. Gray, leave the class of '88 the pleasure of obtaining greater than 100% in Mr. Osterberg's class, via extra credit and to sign your name anywhere you would like as long as it is below mine. My brother, To Todd, I leave a higher place for him next year, my locker and a curse of having as many detentions as I, and my G.P.A.

I, Ron Partain, leave my mother, Beverly Partain, as a substitute teacher for the entire student body and I leave Pete Meza my brush and bar of soap.

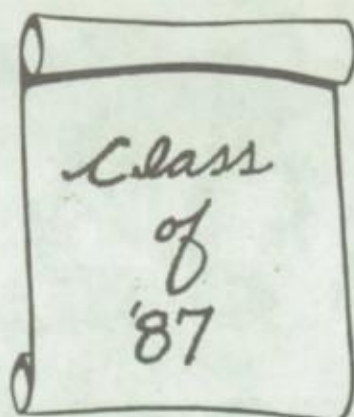

I leave nothing, I'm glad to get away from you PUNKS.
Darcy Colbert

I, Tracee Caldwell, being all sound, 1/2 mind, and no body bequeath the following: to all underclass "women" I leave you with Sal's little brother who will be entering the great institution as a freshman--AKA Hondi. To all future Cheerleaders, I leave you my ability and good fortune in breaking falls which occur at the top of a pyramid. To Kasie Hirt: I leave my position as anchor leg on the 400m relay. To Traci Summers: Determination and the will to win and my job as chief locker decoration make for the football players.

Being of sound mind and partial body I bequeath the following: To Angella Richardson--my old running shoes which have traveled millions of miles, and have earned me numerous medals and awards. I leave my empty tube of lipstick to Coach Harvey! To Karen Chambers I leave my weight-on pills. My detention list and pronunciation book to assist her in pronouncing student's names to Charolett DuWell. To my brother, Scott, I leave all my cheat sheets so maybe someday he can become a senior.
Anne Gallup

To next years Seniors, Juniors, Sophomores, and Freshman, I leave them!

Michele Manzanares

To "Kinky Rolo" I leave the many fun hours of early morning seminary and all those wonderful guys in seminary. To, DU-4-2, I leave the many hours of tension in laying out the paper. CIF next year, Right? To, Robert Gines, I leave two very long and boring Saturday work studies because of PCBBC. Thanks Buddy! Remember your hair dresser knows everything! To Danny Finch-Mr. Sandman-You're a doll, Don't grow up like Dallas and don't buy your clothes to match your car! (Just Kidden') I leave you all the snow in Utah! Good-Luck Babe! Remember, Brad White, if you're here longer than a year you're dust! It's been fun you rebel! To my senior friends with a lot of class, "Never Say Good-bye."

Thanks
Patti Ryan

To all the underclassmen, I leave all of Mr. Wood's most inspirational "special announcements".

Scott Maccloud

I, Kym Hudnall, leave Gary Schuelke, my friendship always and forever. Also I leave him the promise that his senior year will be his best and Gary, Live it to the fullest.

Class Of Sophistication

I, Jeff Gilpin, being of sound mind and body, do bequeath an array of memorabilia to the lower classmen including the following: the small bit of toilet paper which have remained stuck to the bathroom walls throughout my sentence here at Beaumont High. The many uprooted plants in old senior square which have cushioned my footsteps many a time, and finally the many star endorsed "conections" posters that adorn various walls around the campus which vividly depict life on campus and are read by at least one of every fifty students weekly.

To all underclassmen, I leave my Dennis Oberg's fan club identification card. To Dennis Oberg and Laura Plasse I leave my Micky Mouse walky-talky ("unit 2 to unit 1. You got your ears on?") To Gary Harvey I leave my motor cycle gloves.

Billy Westcot

I, Alex Pock, bequeath you, the underclassmen of Beaumont High, with the fabulously entertaining "Daily Bulletin" which has enhanced and provided me with much needed rest.

I would like to leave Jimmy Thompson all the great hours of detention I never got, Good Luck in the future.

Kimberly Iler

To Stephanie Waller: I leave you my old 12th grade teachers. They are a little worn and cracked, but they are now broken in. And are used to it. So watch out they know most of the tricks now.

Michelle Bruner

To the underclassmen; I can remember the first day of school, I was a freshman who thought the seniors were cool. The classes, the teachers, and the senior guys. The year was gone and we said our good-byes. My Sophomore year, it started all then, when Lela and I became best friends. My Junior year was a lot of fun; I haven't ditched yet but next will come. My Senior year has finally arrived. I'm out the door and with great pride. "Yes", I did ditch with out a thought, but as you can guess I got caught! The notes that I forgot to cover our game, but Mrs. Plasse knew just who to blame. In Lela's bad Chevy, I shall never forget with two bucks for gas we were ready and set. So many memories we carry behind us, so enjoy, be courageous and strive for the highest!

Syndi Martinez

I would like to leave to my brother Mike my #57 Jersey on the football team, also my cleats and my socks. "He won't have to wash them they never got used." I would like to leave to all the Juniors of no importance nothing.

Danny Froude

To all the people in the Classes of 1990, 1989, and 1988 I leave Ms. Drummond's, Earth Science Class, because you sure don't want to take Biology.

To Ingrid Ericson, I leave my locker and my parking space in the wonderful student parking lot.

Brenda Sherbet

To Debbie Ericson, I leave my parking space--the best in the whole parking lot. I also leave her my wonderful locker. I hope she will enjoy these wonderful things as much as I have.

Jami Linnens

I, Travis, leave Jimmy Schuelke my athletic ability to lead the football team to another playoff. Also, I would like to leave to Chris Hirt, left guard, 'cause it seems his right guard is not working.

Travis Lover

To Rachael Montez, Heather Clark, and Jodi Morgan, I leave all my Shakespeare notes from Ms. Brown's English class, and my unique ability to sleep through my first period classes and still manage a "B" average.

Tiffany Dunn

I, Rick Racadio, leave to all the underclassmen that are going to take Auto Shop, Stu Clark's harrassment. I leave the right to listen to heavy metal. I leave the right to party.

I, Tanya Gognavec, leave the class of '88 all Mr. Osterberg's tests on different colored paper, to keep you guessing which test you have.

I, Eric Newlin, bequeath to Beaumont High School Juniors, Mr. Boyd's large nose, Mr. Hakala's small legs, plenty of detention, and one more year of high school.

I, Yolanda Gonzalez, leave to all underclassmates Berta Gonzalez and I leave Berta the right to follow in my footsteps. Good Luck!

I, Kelly Harper, leave all the hours of laughing when not supposed to and always getting yelled at, at softball practice to Lolita Valdivia and Marcia Mason.

To all the underclassmen, I would like to leave nothing.

Coy Walls

I, Melody Mathews, leave all those great doughnut runs in Mr. Zaki's class. I leave Mr. Boyd's story of his gigantic zit (boil) to every freshman and sophomore to enter Beaumont High.

I wish to leave Jason, Cary, and Robby all of my English and history notes. All the extra miles, sit ups and push-ups I had to do in P.E. Have fun and best of luck.

Faith Johnson

I leave to all the underclassmen and women all of my detentions and leave you with Mrs. Plasse and Don't bring a book, pen, or pencil almost all year.

Jerry Bermejo

To all the over confident males in our school, if you let your air out you might fit through the doorway! I will all my strips of molding, and my hub capps to who ever keeps taking my car apart!

Stephanie Jameson

I leave all my excess fat to Sophia Spencer and my calm temper to Kristy Weaver. I leave my smile to Vickie Garcia.

Mindi Harris

I leave to all the underclassmen and women, never bring a book to class your whole senior year, and to get other written reports, from other people, at different schools, that way your English and Government teachers cannot get you for copying someone else's work at our school, they will never know the difference--and besides that I leave you absolutaly nothing!

Rick Minjares

I leave my unforgettable rubber marks out in the parking lot, locker, left over paper within my locker. My laughters, friends, good looks, and all those young ladies m m m m.

Chris Saler

Senioritis

Senioritis (se-nyer-i-tis), n.--a physical and-or mental state that affects all twelfth grade students and usually occurs between the months of April and June. Symptons include laziness, forgetfulness, lateness, sleepiness, and happiness.

To Lolita and Julie, have fun with our favorite Coach Dorky Corky, and to Adi have fun making up credits next year.

Love Ruby

To all the underclassmen, I leave many hours of hard work, and all the teachers who give you detention.

Sherri Johnson

I give Coach's Coppage, Boyd, and Harvey, my little brother Hondi who will be a freshman next year.

Sal Valdivia III

To all the underclassmen I leave a bomb stratigically placed, so that not a single book is left in one piece.

Pablo Castro

I, Sheila Wilmont, leave the right to all underclassmen to talk in Mrs. Cote's class.

I bequeath to you, the underclassmen all the teacher's bad moods and scowling faces, their worst jokes, and comments written in red ink on your best research papers...enjoy!

Sam Lehman

To the underclassmen, I leave you the joy of putting up with Dennis. To Coach Boyd, I leave you the satisfaction of having the best person and friend you will ever have.

Allen Street

I will to any Junior that wants my first period class....believe me you can fall asleep and not miss a thing! To Cindy Carr, I leave all the fast times and close calls during lunch. Marcia Mason, I'm leaving, but hoping that in Mrs. Foster's class you will remember all the advise, good but don't forget the bad, I gave you. Vickie I leave you with all of those who will be seniors, but know that there will never be a class like OURS!

Norma Sarabia

I leave the gun under the government desks. The cobweb ridden bottom lockers, and the fun filled hour with Mr. Oberg in detention.

Clint McClune

This school and all it's teachers. Unit twas' "invitation only" happy hour in room 12. (No Females)

Brian Wampler

To all the underclassmen, I leave you Mr. Wood, Mrs. Plasse, Mr. Oberg, good luck! You'll need it. To John Hawkins I leave my homemade re-admit machine. Just don't make it for Sundays.

Joe Privett

I, Daniel C. Fitch, being of sound mind and body, do leave to all the underclassmen of B.H.S. running cross country in Coach Coppage's class in the wind and rain, and waking up at 6:30 to take the SAT and to my sophomore cousin, Brian Paul Fitch, I leave the locker room and listening to Coach Cloud yell "Be Serious," and "Have a Clue People!"

Memory is like a child walking along a seashore. You never can tell what small pebble it will pick up and store among its treasured things.

I, Jeff Espinoza, being of sound mind and judgementality, hereby bequeath the right to be judgemental of the lower classmen, to the minute few that qualify in the class of "88". The qualifications of the minute few are those that I have willingly spoken to. Get it Girls!

To Cyndy Moore: I leave to my sister, Cyndy Moore, permission to ditch government at least three times a week.

Jennie Moore

After I graduate I would like to leave to the Juniors who will be Seniors next year, all of my homework, notes, tests from all my classes. I would also like to give them encouragement as lower classmen in making it to their senior year. I also want to leave them the extra hours I spent making an effort to earn my keep; I want then to hopefully do the same.

Shawn Peoples

To: Cathy Cripps and Steve Matthews we leave our last bottle of vitamin E for guaranteed success.

To: all future surfers at Beaumont High we leave you the beach and to the future hikers of tomorrow we leave you the mountains.

To: Monica Calderon we leave you the Domino's Pizza man. (But you'll have to wait).

Theresa Feiling
and
Angie Riley

To the Junior Class, for a great Senior year!

Lara Davis

I will the following: To Derron: All my re-admit slips and my paper for notes. To Dawn: All my change from Baker's for gas money. To Teri: a new box of pens to chew on and my locker. To Ms. Drummond: I leave you a new set of "Little Orphan Annie Eyes."

David Pecarovich

To Buggie: I leave a coupon for .50 cents off on Ex-Lax. Clean up your act! I love ya! B.F.F. To Bu Bu: I leave a year's supply of eye liner and 30 x 30 foot mirror. I love ya! B.F.F. To SS: I leave 7,500 acres of turtle wax. I love you! B.F.F.

To all other underclassmen! I leave my mighty mouse poster to give you courage, my rambo pin to make you brave, my Andy Capp Comics to give you witt, and my Captain Crunch secret code book to help you get out of trouble with Dennis and Company.

Lori Ring

I leave to all Juniors another year of school to go to while all us seniors are PARTYIN'!!!!

Rick Cannady

To the Class of 1988: I leave you good memories and the better teachers. This is a good school and you better take advantage of it. TO ALL JUNIORS

Edel Alcaraz

I, Brenda Hoppe, being of sound mind and body leave to the band--five new band directors in 3 years.

Bless Them All

To the Junior Baseball team: I leave my baseball bat. To the Junior Football team: I leave you all footballs.

Greg Valdevia

I leave my best wishes to Cheri Lyons and Brenda Berg while they struggle another year on the yearbook staff. Good Luck!! And to all the rest of the staff I leave my file drawer with the yearbook junk I kept in it for two years. To use the junk in any way you all can.

Tina Saler

Rosaura Solis: take care of some of those hot looking things that stroll on campus.

Martha Solis

To the Junior Class of 1988: I leave you Dennis Oberg and his polyester pants.

Diane Hershey

To the Junior Class of 1988: I leave you a boot to the head (**SMACK**)

Thomas Tongdee

To the Junior Class: I leave you all...absolutely nothing. You're all scum.

Mike Lindborg

To Gary Schuelke: I leave you all my best wishes for Football in your '87-'88 season.

To the Junior Class: we the senior class leave you the right to trashcan Freshmen. To the class of 88- you might think you're good but we are great! To the Junior Class I leave you a roll of toilet paper and a bar of soap to clean your act up.

ANGER CONTROL

What makes you get angry or mad?
More important is what do you do
when you get angry? Some people do
the following;

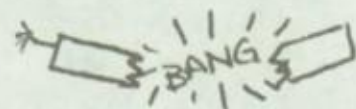

- 1) Get even
- 2) Blow-up, cool off and then I talk.
- 3) I avoid whatever makes me mad.
- 4) I get real mad and then I feel better.
- 5) I always think twice before I get mad.

I don't know if there is really a right way to handle anger. It is a emotion that must be controlled. The first step is to acknowledge that you are angry. Sometimes people don't even know that they are angry. they might say things like, "I'm not really angry or mad."

The second step is to find the source that is making you angry. Are you angry because someone challenged your rights, identity, your plans, your truthfulness or your physical needs? Once you find the source you can start to plan on how you will handle your anger.

The final decision is to ask yourself if it is worth getting angry. If it is something that you want to react too. That is why I like number 5. By taking some time to do these three simple steps you sometimes avoid getting upset or making a fool of yourself. It may take some time but it usually works. It is o.k. sometimes to get angry but make sure it is worth getting upset about. The worst thing you can do is keep it inside you. You must control and deal with your anger and not let it control you.

GOSSIP

Gossip is something that goes on in every town and every school.

You are talking with your girlfriends swapping the latest juicy events. You're not meaning to hurt anybody, but someone walking by catches pieces of what you're talking about. In reality you were talking about Mary's camp trip to Nevada. The next day both the town and school think she ran off to Vegas to get married and that she is 4 months pregnant.

Whether you are purposely meaning to hurt somebody or not, gossip and rumors are malicious and cruel. Take care in what you say, just a little way of the tongue could ruin somebody's life.

STRESS

As the end of the school year draws near, everyone is hustling and bustling to get their work done and take care of unfinished business. It is easy to get caught up in everything and get "stressed out".

The freshmen, sophomores, and juniors must get their schedules ready for next year, and the seniors are working hard to finish high school on a good note and get ready for college-life or full-time work.

The thing everybody needs to remember is that everything will work out. So don't stress and get uptight about everything, just take your time and do it right. Summer will be here before you know it!

JUST CLEAN FUN

With today's peer pressure, teenage parties have become more and more alcohol related. At a time in life when experimentation is a need and creativity is failing, it becomes difficult to think up new ideas for fun, entertaining evenings.

Yet, parties can be fun and entertaining without the use of alcohol. Games that entertain the mind can be enjoyable. Games like 20 questions and trivial pursuit not only are interesting but create comradary.

Sometimes parties with a theme can create the perfect atmosphere. A Hillbilly Shendig or a Mexican Fiesta could make a perfect party.

There are many things to consider like decorations, food, and music. Helpful information can be found in most local libraries.

Have fun and good-luck!

Summer

Beaumont High School will hold summer school from June 15 to July 27. Class times will be from 8:00 a.m. to 12:15 p.m.

The following courses will be offered: Driver Education and Computer Education (students enrolling in Driver Education must also take computers). Math/Writing or Reading/Writing Proficiency classes (no credit will be given for proficiency classes). Graduation Requirements (for Seniors only). English/Social Studies, Math/Science, these classes cannot replace a required class.

Summer School is an opportunity to make-up credits, get extra-credits or take classes your schedule does not have room for.

For more information contact the counseling office.

87 TRACK

The 1987 Beaumont Track Invitational was held here on April 10th. The girl's track team edged Twentynine Palms, 99-96, to capture the team title of the invitational.

Special honors went to Anne Gallup and Fred King. Anne Gallup took first place in the 800 meter run and the 1,600-meter run. Anne was named the meet's outstanding female runner. Fred King won the high-jump and triple jump and finished second in the long jump to earn outstanding male field athlete for the Cougars. Other "top marks" came from Tracee Caldwell in the long jump and the girls 440 relay team, Kasie Hirt, Jill Naylor, Shrona Bernard, and Tracee Caldwell.

A total of ten schools participated. Overall boy's scores are as follows: 1st place Twentynine Palms, 93 1/2 points; 2nd Serrano, 87 1/2; 3rd (tie) Orange Lutheran and Beaumont, 77; 5th Rim of the World, 52; 6th San Jacinto, 35; 7th Temecula Valley, 32; 8th Notre Dame, 31; 9th Aquinas and 10th Ontario Christian, 0.

BAD MOOD BLUES

A mood is a person's state of mind or outlook on life. Everyone's mood may change from day to day or sometimes from hour to hour. Everyone feels "blue" occasionally and it is normal to have some variation in mood.

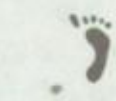

Bad moods are caused by many things, sometimes it may be something you would never expect. Suppose it is a cold, rainy morning; it is so dreary that you may feel gloomy for no good reason that you know of. You have to drag yourself out of bed and make yourself go to school. You may even have the feeling that nothing is worth getting up for. When you arrive at school you become involved in something fun; the sun comes out, and suddenly your spirit rises.

Bad moods can only be explained by the people who have them. Remember, the next time you are in a bad mood think of pleasant things, you might start to feel a little better.

GAINING CONFIDENCE

Confidence comes from within yourself. The quality or state of having confidence and reliance in yourself.

Yet, confidence doesn't come over night. It is something that must be worked on daily. It all starts with liking yourself. You are a neat person, a worth while person. Tell yourself that daily. If you don't like yourself then how can you have confidence in yourself? (or like other people)

Don't doubt yourself. Your ideas are as worthwhile as the next person's. Every person finds a moment of weakness; even the most seemingly confident and well adjusted person. Voice your ideas and opinions. People may stop and stare, but not because your ideas are stupid or dumb, but because you spoke out and gave some new insight into the subject.

Confidence is having re-assurance in yourself. When you have assurance in yourself others will feel confident with you. Confidence begins with self-confidence.

20 YEARS FROM NOW

During the years of school we've all undergone changes. Some good, some bad, but still the changes are there. Have you ever wondered who would change the most at our 20 year reunion? Here is what a few "87" seniors said:

Sal Valdivia-- will be 6'0" and a pro baseball player.

Billy Wescot-- will be a rock star and invite us all to his concerts.

Adele Mester-- won't be as crazy as she is now. She'll be quiet but a famous model.

Dan Carlson-- he'll be Pope in the year 2007.

Barry Ablin-- will be 6'4" and play in the Italian pro basketball league.

Rick Racadio-- will be campus cop following Dennis Oberg's retirement.

Barry Ablin-- carrying a baseball to the reunion instead of a basketball.

Todd Grimes-- will become an introvert.

Brian Wampler-- will follow his long time dream of becoming an English teacher just like Ms. Brown.

Heather Steere-- will have a 48 inch waist.

David Schuelke-- his muscles will be gone.

Brian Dage-- will be a real surfer!

Barry Ablin-- will move to Indiana and have 17 bouncing baby boys.

Crystal Ball Gazing

Larry Inman-- will have straight hair.

Joe Dominguez-- will come back as a women's activist. He's also head of the committee to pass the equal rights amendment.

Stephanie Jameson-- will marry Richard and have 8 children.

Ann Gallup-- will be exhausted after running from the parking lot to the gym.

Briana Donnelly-- will be either teaching P.E. or running the Attendance Office at B.H.S.

Mr. Boyd-- will be old and bald.

Joe Dominguez-- will wear the pants in his family, but his wife will tell him which ones to wear.

Karen Lyons-- will give people rides around the parking lot in her Ferrari.

Alex Pock-- will become a professional Elvis Presley impersonator after retiring from the Air Force to live with his wife and five children in Las Vegas.

Martha Solis and Briana Donnelly will still be cruising Del Taco parking lot.

Stephanie Jameson will be rich and famous.

Debbie Mayer and Gary Schuelke will finally be married.

Kelly Russell will be loud and crazy.

Thor Peterson will have wished he joined the Air Force.

Rick Racadio coming back with short hair, and a conservative image, not concerned with partying or rock-n-roll.

Stephanie Jameson without her funky sneeze.

Bill Monroe will have an interest in baseball.

Bryan Dage will come back as a pastor for a Holy Roller Church.

Brian Wampler will have a tan.

Thor Peterson owning a harem.

Patti Ryan will be married to Mr. Universe.

Things could be quite interesting in 20 years.

HIGH SCHOOL MEMORIES

What will you always remember from your high school years?

High School holds many cherished memories. Whether it was your first crush, or a victory in football. Here are a few memories that will never be forgotten.

Briana Donnelly- My friends and being crazy, at the Pep Assembly. (Thanks to Mark Tomeck.)

Thor Peterson- I will remember all my friends, all the fun we've had, and good times we've shared.

Mindi Harris- My friends, and being able to turn to them, and all that stuff.

Russell Boqh- Elizabeth Richardson.

Tracy Miller- I'll remember the anxiety of my freshmen year, the excitement of driving in my sophomore year, the boredom of work during my junior year, and the time I spent counting down the days until the end of my Senior year.

Patti Ryan- I will remember transferring from a school I went to for 3 years and how friendly and helpful everyone was in making the transition. I've grown to care so much about people, I've known for so little time.

Diana Hershey- Dennis Oberg's attitude.

Kym Hudnall- The fun times Diana and I had cutting Mr. Hackney's math class!

Alex Pock- I will remember all my friends, and the homework I never did.

Barry Ablin- My athletic adventures with Coach Boyd and friends.

Traycee Caldwell- Screwing up the daily bulletin at least once every week.

Sal Valdivia- The excitement of participation in sports.

Tony Falcon- My friends and all the great high partys.

Clint McClune- Being bored to death in at least all of my classes.

Brian Wampler- Wishing I could die instead of seeing Ms. Brown again.

Jam Linnens- Mr. Bauer's Wonderful Arm Muscles.

Billy Westcott- Not being there 75% of the time.

Denise Williams- Finding my future here - Chris Kimsey

Stefanie Reynoso- All the good and bad times with David Schuelke.

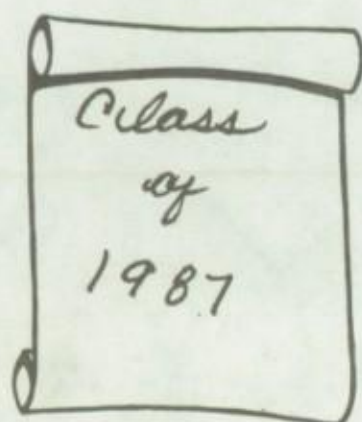

Todd Grimes- Winning the football championship 3 years in a row!

Anne Gallup- My track and cross country experiences.

Tina Flores- My friends, and always wanting to cut hair.
